

Continue to enhance single-family property values through the annual single-family maintenance inspections, the Village's annual street program and evaluation of increased street lighting.

Compel the creation of unique zip codes for the Village by implementing a two-pronged approach that includes lobbying the United States Postal Service Oversight Committee in conjunction with a direct appeal to the National Board of Directors for the United States Postal Service.

Continue positive direction of Village's economic development activity including the formalization of a business retention and outreach program and completion of a marketing study.

Proactively work with businesses and agencies affected by major road construction projects including the Triangle Project, Moon Lake project and Barrington/Higgins projects.

Promote Western Area grade school-age children's attendance at grade schools in Hoffman Estates through interaction with Western Area residents and with U-46 School District.

Advocate the METRA STAR Line proposal that combines the Village's efforts on both the EJ&E Commuter Rail Service and the Northwest Corridor Transit Study service alternatives. Continue pursuit of a full interchange at Barrington Road and I-90.

Promote the strength of the Village's cultural diversity through expansion of community events celebrating diversity and establishment of translation services to enhance service delivery.

Expand employee recruitment efforts to continue to diversify Village workforce.

Complete a Special Census of select areas of the community with the intent to receive increased State and Federal funding.

Develop funding alternatives for Station 21 relocation and other public building projects, including the Police Department, Public Works Department and a potential additional Western Area Fire Station.
