VILLAGE OF HOFFMAN ESTATES
PLANNING AND ZONING COMMISSION
FINDING OF FACT

PROJECT NO.: 2015006R

VILLAGE BOARD MEETING DATE: MARCH 16, 2015

PETITIONER(S): MR. & MRS. P. CHMIELEWSKI

PROJECT ADDRESS: 760 ORANGE LANE

ZONING DISTRICT: R-3, ONE FAMILY RESIDENTIAL

Does the Planning and Zoning Commission find that this request meets the Standards for a Variation (Section 9-1-15 of the Zoning Code)? YES NO

Recommendation: APPROVAL

Roll Call Vote: 8 Ayes 3 Absent

PZC MEETING DATE: MARCH 4, 2015

STAFF ASSIGNED: JOSH EDWARDS

Request by Mr. and Mrs. P. Chmielewski (owner) for the following setback variations from the Zoning Code for a single family home located at 760 Orange Lane:

- a) A 10 foot front yard setback variation from Section 9-5-3-D-4 to allow a 20 foot setback instead of the minimum 30 feet;
- b) A 2 foot side yard setback variation from Section 9-5-3-D-5 to allow an 8 foot setback instead of the minimum 10 feet;
- c) A 10 foot rear yard setback variation from Section 9-5-3-D-6 to allow a 10 foot setback instead of the minimum 20 feet.

The following condition shall apply:

1. The house shall be constructed per the size and location included in the petitioner's application materials submitted with this request.

AUDIENCE COMMENTS

None.

FINDING

Section 9-1-15 of the Zoning Code (Standards for Variation) states that no variation shall be recommended by the Planning and Zoning Commission unless it finds that the Standards for Variation set forth in the Zoning Code are met.

The petitioner's architect representative, Edward Reitan, presented the proposal to expand an existing house and connect it to an existing detached garage. The existing house includes existing encroachments into the front, side, and rear yard setbacks. The house was built prior to current Zoning Code requirements. The proposed addition includes a small corner that encroaches 7 inches into the front yard setback, which is less than the existing 10 foot encroachment. If approved, the variations for the existing setback encroachments

would remain in effect even if the proposed house addition were to not proceed. The Commission generally had no concerns about the proposal.

The Commission voted to recommend approval of the proposed setback variations.

APPLICABLE ZONING CODE SECTIONS

Section 9-5-3-D-4 of the Zoning Code states that the front yard setback of the principal structure shall be 30 feet, Section 9-5-3-D-5 states that the side yard setback of the principal structure shall be 10 feet, and Section 9-5-3-D-6 states that the rear yard setback of the principal structure shall be 20 feet.

PROPOSAL

The corner lot property includes a one-story house and a two car detached garage. As the petitioner stated in their application, the house was built prior to current Zoning Code setback standards. The petitioner is proposing to expand the house and connect it to the existing detached garage, resulting in a house with an attached garage.

The house expansion would include additional living space and the garage area would not be increased. The roof line and façade would be modified so that the finished construction would appear seamless between the old and new portions of the house.

Front Yard Setback

The garage portion of the finished house would be considered part of the principal structure (currently the garage is an accessory structure). The Zoning Code requires that a detached garage meet the front yard setback of the principal structure when it is located less than 60 feet from the front property line, as is the case on this property. Therefore the setback requirements for the detached garage and after its proposed connection to the house are the same, at 30 feet. The garage and proposed finished house includes an existing encroachment of 10 feet, which leaves a 20 foot setback. The proposed expansion connecting the house and garage would include a small corner that encroaches into the front yard setback, but to a lesser extent than the existing garage encroachment. The petitioner is requesting to align the expansion with the front façade of the garage, instead of recessing the expansion slightly behind the front yard setback line.

Side Yard Setback

The existing garage and proposed principal structure includes an existing encroachment of 2 feet into the required 10 foot minimum side yard setback. The proposed expansion would not change the existing setback.

Rear Yard Setback

The existing house includes a rear yard encroachment of 10 feet (the Plat of Survey incorrectly includes a 10 foot setback line instead of 20 feet). The proposed expansion would not change the existing setback.

VARIATION STANDARDS

Section 9-1-15 of the Zoning Code – *Standards for a Variation* - states that the Planning and Zoning Commission shall not recommend the adoption of a proposed variation unless it finds that the variation meets the Standards for Variations as set forth in the Zoning Code.

1. The Planning and Zoning Commission shall not recommend the variation of the regulations of the Code unless it shall first make a finding based upon the evidence presented to it in each specific case that:
 - a. The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in the district in which it is located;
 - b. The plight of the owner is due to unique circumstances;
 - c. The variation, if granted, will not alter the essential character of the locality.

2. For the purpose of implementing the above rules, the Planning and Zoning Commission shall also, in making its determination whether there are practical difficulties or particular hardships, take into consideration the extent to which the following facts favorable to the applicant have been established by the evidence;
 - a. The particular physical surroundings, shape of topographical condition of the specific property involved would result in a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
 - b. The conditions upon which the petition for a variation is based would not be applicable, generally, to other property within the same zoning classification;
 - c. The purpose of the variation is not based exclusively upon a desire to increase the value of the property;
 - d. The alleged difficulty or hardship has not been based exclusively upon a desire to increase the value of property;
 - e. The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located; and
 - f. The proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger of fires, or endanger the public safety, or substantially diminish or impair property values in the neighborhood.
3. The Planning and Zoning Commission may recommend to the Village Board that such conditions and restrictions be imposed upon the premises benefited by a variation as may be necessary to comply with the standards set forth in this section to reduce or minimize the injurious effect of such variation upon other property in the neighborhood, and better to carry out the general intent of this Code.

If this request is approved, the variation ordinance would be granted to the property in perpetuity.

NOTIFICATION

Standard notification letters have been sent to surrounding properties within 150 feet and no comments have been received.

STAFF SUMMARY AND NOTES

The proposed variation would slightly expand the square footage that is located in the front yard setback, but it would not extend farther than the existing detached garage encroachment. The angled position of the house and garage in its original construction on this corner lot resulted in multiple existing setback encroachments. The petitioner is seeking to retain the existing garage and use its existing footprint, and to maximize the additional living space of the house expansion, while matching the front façade of the garage. The house expansion as proposed would not significantly alter the streetscape along Orange Lane, due to the existing garage and house encroachments.

RECOMMENDED CONDITIONS

If the Planning & Zoning Commission finds that the standards for a variation have been met, staff recommends the following condition:

1. The house shall be constructed per the size and location included in the petitioner's application materials submitted with this request.

Zoning Code Section 9-1-15-C-2 of the Municipal Code requires that the Planning and Zoning Commission shall, in making its determination whether there are practical difficulties or particular hardships, take into consideration the extent to which the following facts favorable to the applicant have been established by the evidence. (Respond to each standard as it applies to your request either below or address on a separate sheet)

1. The particular physical surroundings, shape of topographical condition of the specific property involved would result in a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out.

The existing site is a corner lot and the structures were constructed on an angle on the lot. The detached garage is over the setback lines. The new addition is between the house and the garage.

2. The conditions upon which the petition for a variation is based would not be applicable, generally, to other property within the same zoning classification.

The buildings are on an angle to the property because it is a corner lot. Other interior lots would not have the house on an angle.

3. The purpose of the variation is not based exclusively upon a desire to increase the value of the property.

The condition that we have is existing and the variation is for the setbacks of the existing building.

4. The alleged difficulty or hardship has not been based exclusively upon a desire to increase the value of property.

The request for variation is for an existing condition. The new addition is 7" into the setback to match the line of the existing garage

5. The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located.

The addition and the variation will not impact public welfare or other properties

6. The proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger of fires, or endanger the public safety, or substantially diminish or impair property values in the neighborhood.

The variation will have no impact to any adjacent properties and will not effect the public streets or public safety.

Mr. Josh Edwards
Village of Hoffman Estates

Re: 760 Orange Lane – Chmielewski Residence

Dear Mr. Edwards,

The existing corner lot in the R3 zoning was originally in the County and the residences on the corner were constructed on a skew (angled on the lot). With the setbacks based on the Village R3 zoning, the existing residence is not within the setbacks of the zoning code. This is true for the front, rear and east side setback.

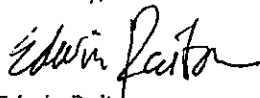

The proposed addition is located between the existing residence and the detached garage and consists of building interior space, connecting the two structures.

The request for variation is for an existing condition of the existing house and garage encroaching into the front, rear and east side setback. The new addition is 7" into the setback to match the line of the existing garage. The variation will have no impact to any adjacent properties and will not effect the public streets or public safety.

The connection of new construction into existing construction will occur at the corner of the existing garage creating a cohesive street facing elevation.

Should you have any additional questions or comments, please feel free to contact me.

Sincerely,

Edwin Reitan

C. The tax imposed by this Article shall, when collected, be stated as a distinct item separate and apart from the selling or auction price of the Vehicle, and the Person collecting the tax shall give to the Purchaser a receipt for such tax. Such receipt shall be sufficient to relieve the Purchaser from further liability for the tax on the purchase of a Vehicle at Wholesale as provided herein.

Section 13-14-4. EXEMPTIONS

A. This tax shall not apply to the purchase of a Vehicle at retail from a duly licensed Automobile Sales Lot within the Village of Hoffman Estates.

B. This tax shall not apply to the on-line purchase of a Vehicle at Wholesale where the Purchaser is not registered with the State of Illinois.

C. It shall be presumed that all purchases of Vehicles being sold at Wholesale within the Village of Hoffman Estates are subject to the tax imposed under this Article 14.

D. The burden of proving that the purchase of a Vehicle is not taxable hereunder shall be upon the Person so claiming.

Section 13-14-5. BOOKS AND RECORDS

The Person who is the owner and operator of each premises, enclosure or other place within the Village of Hoffman Estates where the business of selling or conducting an auction of Vehicles at Wholesale is conducted, shall jointly and severally have the duty to

Said return shall also be accompanied by payment to the Village of any and all taxes imposed by this Article which are due and owing for the period covered by the return.

Section 13-14-7. LATE PAYMENT PENALTY

If any tax imposed by this Article 14 is not paid when due, a late payment penalty equal to five percent (5%) of the unpaid tax shall be added for each month, or any portion thereof, that such tax remains unpaid, and the total of such late payment penalty shall be paid by the Person who is the owner and operator of each premises, enclosure or other place within the Village of Hoffman Estates where the business of selling or conducting an auction of Vehicles at Wholesale is conducted along with the tax imposed by this Article.

Section 13-14-8. TRANSMITTAL OF EXCESS TAX COLLECTIONS

Section 13-14-9. ENFORCEMENTS

Payment and collection of the tax imposed by this Article 14 and any late payment penalty may be enforced by an action in any court of competent jurisdiction. The failure to collect, account for, pay over the tax imposed by this Article or otherwise to absorb such tax, including any late payment penalty, shall be cause for suspension or revocation of any Village license issued pursuant to Chapter 8 - Licenses, of the Hoffman Estates Municipal Code.

Section 13-14-10. PENALTY

A. Any Person failing or omitting to pay said tax when due or failing or omitting to collect, account for or pay over said tax or otherwise to absorb such tax, together with any late payment penalty, or failing to maintain or allow the examination of the required records shall, in addition to any other payment penalty or fee provided by law, be fined

not less than Fifty Dollars (\$50.00) nor more than Five Hundred Dollars (\$500.00) for each offense, and each day a violation continues shall be considered a separate and distinct violation.

B. Such fee shall be \$100.00 for each hearing, but \$250.00 if it is the second such hearing in 12 months and \$500.00 if it is the third or more such hearing in 12 months. Such fee shall be required under any circumstance causing such hearing to be scheduled whether or not the Person pays said tax or not subsequent to the notice of the hearing.

RESOLUTION NO. _____ - 2015

VILLAGE OF HOFFMAN ESTATES

A RESOLUTION URGING THE ILLINOIS GOVERNOR AND ILLINOIS GENERAL ASSEMBLY TO PROTECT FULL FUNDING OF LOCAL GOVERNMENT DISTRIBUTIVE FUND REVENUES (LGDF)

WHEREAS, municipalities are front-line providers of government services to citizens and these services include police and fire protection, parks, infrastructure, water, sewer and utility services, and snow removal; and

WHEREAS the State of Illinois has a long-standing tradition of collecting tax revenues on behalf of municipal governments and municipalities have relied on shared income tax revenue to provide services to taxpayers; and

WHEREAS, municipalities have fewer options to raise significant revenue and rely on the full amount of revenue that the State collects on their behalf in order to fund the essential quality-of-life services expected and relied upon by community residents; and

WHEREAS, the General Assembly increased the State income tax without providing any of the new revenues to municipalities and this loss of revenue has left the municipal share at levels collected during the Great Recession; and

WHEREAS, the Governor proposed a fifty percent (50%) reduction in the local share of the income tax during his FY2016 Budget Address, reducing local revenues by over \$600 million; and

WHEREAS, the loss of this state-shared income tax revenue would result in elimination of countless jobs, local tax increases, program and service cuts, and could increase debt burdens that would be felt by all citizens.

WHEREAS, the Village of Hoffman Estates would lose \$2,568,802.50; and

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Hoffman Estates, Cook and Kane Counties, Illinois, as follows:

Section 1: The Village of Hoffman Estates of urges the Governor and the General Assembly to protect full funding of the Local Government Distributive Fund (LGDF) and other revenue sources that allow local governments to provide for the health, safety and general welfare of their residents.

Section 2: This Resolution shall be in full force and effect immediately from and after its passage and approval.
