2015 Message To Parents

Welcome to our **Children's Immunization Clinic** sponsored by the Village of Hoffman Estates and the Illinois Department of Public Health.

Clinic guidelines:

1. This clinic is for **CHILDREN** only, ages 6 weeks to 18 years old. Adults are not serviced at this clinic, but may call the office to schedule an appointment at 847-781-4850.
2. This clinic is for children who are either underinsured (insurance does not cover immunizations) or do not have health insurance.
3. Every child **must** be with an adult family member or guardian and sit together until their number is called. Disturbances such as running, climbing, yelling or destruction of property will not be tolerated.
4. Every child **must** have their **updated shot list**.
5. Every child who gets a shot(s) is asked to wait at least 10 to 15 minutes before leaving. This assures that your child will not have an adverse reaction to the shot, which may require medical attention.

Thank you for your cooperation and for cleaning up our waiting area.

To receive VFC vaccine, the child must meet one of the following criteria:

- Is enrolled in All Kids
- Does not have health insurance.
- Is American Indian or Alaskan Native.
- Is under-insured - health insurance does not pay for immunizations
(children with immunization coverage after deductibles or co-payments DO NOT qualify)
