SUBJECT: REQUEST AUTHORIZATION TO AWARD THE CONTRACT FOR FURNISHINGS FOR NEW FIRE STATION 24 TO MIDWEST OFFICE INTERIORS, WOODRIDGE, IL, IN AN AMOUNT NOT TO EXCEED \$50,173.99.

MEETING DATE: April 13, 2009

COMMITTEE: Special Public Health & Safety Committee

FROM: Chief Robert Gorvett
Deputy Chief John Mayer

PURPOSE: Request authorization to award the contract for furnishings for new Fire Station 24.

BACKGROUND: In November 2007, the Village Board approved a preliminary site plan and conceptual design that included a preliminary interior layout and an exterior elevation for Station 24. These conceptual designs included furnishings for size reference and placement purposes only.

Late last year a survey of furnishings at the current Fire Station 24 was conducted. The purpose of this survey was to determine what items could be relocated to the new station and what items were not worth moving. Based on the results of this review, the Fire Department and SRBL assembled a list of furnishings that needed to be purchased.

In early March, the Fire Department met with representatives from Midwest Office Interiors who were completing the furnishings at the Village Hall. The intent of this meeting was to use their resources to establish an estimated cost for the needed furnishings.

Based on the information provided by Midwest Office Interiors, a bid specification package was created. On March 13, 2009, a notice of request for proposal was published in the newspaper for prospective bidders for furniture for new Fire Station 24.

At the conclusion of this process, the sole bid packet received was from Midwest Office Interiors. A public bid opening was conducted in the Village Hall Monday, March 23, 2009. The Bid Package Proposal is attached.

DISCUSSION:

After an inventory of furnishings at the current Fire Station 24, the items identified on the request for proposal are new furnishings exclusive of the furnishings that will be relocated from the current facility.

Midwest Office Interiors is the same company that was awarded the recent bid to provide office furnishings at the Village Hall.

At the April 6 Special PH & S Committee meeting, the Fire Department was asked to reevaluate the proposal before a contract would be awarded. In doing so, the following items have been eliminated from the furniture proposal:

- The vestibule magazine rack
- Three lateral file cabinets from the Company Officers' Office.
- Three table lamps for the dayroom.
- Five of the ten reclining chairs for the day room.
- The kitchen table.

- Reduce the number of kitchen chairs from ten to eight.
- The mobile map stand and accessories from the lower level.

These changes in the proposal reduce the overall cost by approximately \$15,000.00.

The remaining furnishings included in the proposal fall into two categories. All lower-level furnishings are new furnishings due to the fact that we are creating an entirely new training/community room and backup EOC that currently do not exist at Station 24.

FINANCIAL IMPACT: Within the overall approved budget for the construction of the new fire station is \$285,000.00 for furniture, fixtures and equipment. Approximately \$12,000.00 of this amount was recently approved for the purchase of fitness equipment. This will be the second purchase. Once the bond funds designated for the construction of Station 24 have been used or reallocated, all future furnishings will be purchased from the general fund.

RECOMMENDATION: Request authorization to award the contract for furnishings for new Fire Station 24 to Midwest Office Interiors, Woodridge, IL, in an amount not to exceed \$50,173.99.
