News from the Village of Hoffman Estates

Village plans for a **sustainable future**

The Village's new Sustainability Plan was created with assistance from a Metropolitan Mayors Caucus/AmeriCorps program dedicated to sustainability initiatives.

Sustainability is not just about being "green." True sustainability is about ensuring the long-term success of the whole community. Sustainability occurs when social, economic and environmental aspects are all taken into account, as well as ethical leadership and good governance.

The updated Sustainability Plan, approved by the Village Board in December 2019, demonstrates the Village's ongoing commitment to sustainability, and it identifies a variety of projects and actions that support the goal of sustainability.

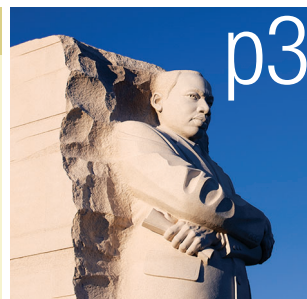

The Sustainability Plan will align with other planning documents, such as the Operating and Capital Budget (turn to page 6 for more info) and the Comprehensive Plan, which is set to be updated in 2020.

Together, these documents will help to establish the order of priority for upcoming projects.

Visit the Village's website at www.hoffmanestates.org/green to learn more about the Village's sustainability efforts and see the new Sustainability Plan.

Don't shovel snow into the street

Historian's notebook

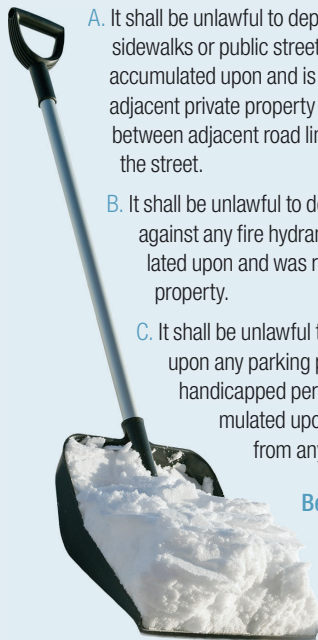

By Pat Barch, Hoffman Estates Village Historian

Did you know that shoveling snow onto a street that has been previously cleared creates a safety hazard? It is also a violation of the Village's Municipal Code. Snow pushed back onto a cleared roadway can refreeze and get compacted by traffic, which may result in ice buildup.

6-2-1 HE-11-1309: Snow Removal

- A. It shall be unlawful to deposit on public sidewalks or public streets any snow which accumulated upon and is removed from an adjacent private property or from the area between adjacent road line and curb line of the street.
- B. It shall be unlawful to deposit snow on or against any fire hydrant which accumulated upon and was removed from any property.
- C. It shall be unlawful to deposit any snow upon any parking place designated for handicapped persons which accumulated upon and was removed from any property.

Be a good neighbor, and shovel snow away from the street!

Where has all the time gone? The beginning of a new year makes us look back on what we accomplished in 2019. As one who loves history, I still have questions about my family from years gone by. Some questions will never be answered because I never took the time to ask when my parents were still with me.

If you make one resolution this year, I hope it's to begin asking those questions now. Take time to make a list of all the things you've wondered about. Ask your family while they're still with you.

Don't forget about the pictures! Do you have some of your family from years ago, but don't have a clue as to who those faces are? Ask about them. Write the info on the back of the photo very lightly with a soft pencil. If someone new looked at your pictures in a few years, would they know who was in them?

Some of the most treasured items in our Hoffman Estates history are our photos. They really represent all the wonderful residents who have donated them. They tell the story of how our Village has grown over the years.

The farmers who moved away and some who have passed away also shared their old photos from their farming years. The equipment in the pictures was their pride and joy – new technology that helped them with their crops. Some of them date back to 1906 and 1912 when photography was just beginning to tell their story and preserve their history.

During the snowy winter days ahead, sort through those old photos. Ask questions about who's in them and mark them for future generations. Ask family members to share their photos and to digitize them. Keep your originals in special boxes made for that purpose.

Ask your parents and grandparents for their old photos and organize them, asking that all-important question: "Who is that?"

Time slips by so quickly. Begin writing your own biography. Your stories will complement the photos you have. Some people keep a daily diary; other have no desire to do so, but take a little time every now and then to write about YOU. Your family members can be encouraged to do the same. Don't wait until the person with the answers is gone. Have fun saving your history, and please remember to share your photos with me so that you become part of the Village's fascinating and storied history.

After all, isn't that what we all are?

Get to know ... the Youth Commission

What is the history of the commission?

The Youth Commission was established in order for young people in Hoffman Estates to become more involved in their community and local government. Originally, the commission oversaw the Peer Jury program, but that is now organized by the Hoffman Estates Police Department. Over the past 10 years, the commission has emphasized creating programming that focuses on building skills in science, technology, engineering, art and mathematics (STEAM).

What types of activities does the commission plan?

The Youth Commission hosts events for children and teens that are family-focused, enhance STEAM skills and promote community. Events are designed to give participants the opportunity to learn in a natural way – through creativity, exploration and critical thinking. The commission hosts events across various developmental levels. Some of the most popular events include children's arts and crafts events, two annual science shows, ALICE computer animation classes, Sphero BOLT robotics programs and the new esports league in partnership with Northern Illinois University.

The Youth Commission poses with a robot built by the Hoffman Estates High School girls robotics team.

How can people get involved?

The best way to get involved with the Youth Commission is to come to one of their monthly meetings held on the third Thursday of every month at 6:30 p.m. in the Health and Human Services conference room at the Village Hall. Residents who are interested can also attend a number of fun, family events and consider joining the commission.

Martin Luther King Jr. Breakfast in January

The Cultural Awareness Commission cordially invites you to celebrate its 18th annual Martin Luther King Jr. Breakfast on Monday, Jan. 20. This free, joyful event will begin promptly at 8 a.m. with breakfast at the Village Hall.

This year's theme is, "Rising Together: Our Path to the Mountaintop." A special keynote address will be given by Herb Porter, a trustee with the Village Of Hanover Park.

Born and raised on the South Side of Chicago, Mr. Porter has lived in the northwest suburbs for nearly 40 years. His life can be summed up in one word: service. From his days as a pastor to drug addicts and gang members to his current public engagements, Mr. Porter has always tried to be an advocate for those who have been marginalized by society.

Entertainment will be provided by Carolyn E. Hollins. Ms. Hollins is a songwriter and choir director who has ministered and performed for the past 20 years in Hoffman Estates, Barrington and Elgin, as well as presenting yearly concerts at the Al Larson Prairie Center For the Arts in Schaumburg. Her uplifting songs, which include "Let There Be Peace On Earth," feature audience participation and excerpts from Dr. King's speeches.

Seating is very limited, and reservations are accepted on a first-come, first-served basis through 5 p.m. on Wednesday, Jan. 15, or until the event is full. There is a limit of four persons per reservation. To reserve your spot today, call Sue at 847-781-2606.

Please bring a non-perishable food item or new hats and gloves to help restock our community food pantries for the winter.

We hope you will be able to attend this uplifting celebration!

A message from Mayor McLeod

Happy New Year! 2020 has a nice ring to it, and I'm confident the year will bring great things for Hoffman Estates, as well as our residents and businesses. Last month, the Village Board and I had the opportunity to thank our amazing volunteers. With over 20 active boards and commissions supporting a variety of special events, these volunteers are critical to making things work smoothly. The collective time, talent and energy is inspiring, to say the least! Thank you again for all you do. We look forward to another exciting year!

Each and every person living in the Village of Hoffman Estates is important. You MATTER. Census 2020 will officially arrive on April 1, 2020, and we all get a chance to raise our hands and be counted. Our Complete Count Committee is working hard to develop fun and exciting programs to convey the importance of the census. An accurate count ensures we have strong congressional representation and funding to cover needs related to public safety, roads and infrastructure, and much more. In addition, the U.S. Census Bureau is hiring for a variety of positions. More information about the census and job opportunities can be found online at www.census.gov.

Every once in a while, we receive information about residents or business owners who have gone above and beyond to help their neighbors. I love reading these stories, and the Village Board and I are honored to highlight these individuals when we get the chance. Now is a perfect reminder for all of us to be on the lookout for people who do great things in our community! If you have someone in mind and would like to recognize them, please fill out a "Great Citizen" nomination form, available online at www.hoffmanestates.org/greatcitizen.

I look forward to seeing many of you at the Martin Luther King Jr. Breakfast, hosted by our Cultural Awareness Commission, on Monday, Jan. 20! All of the details are included in the article to the left of this column.

As always, if you have questions or just want to drop a note to say hello, you can call me at 847-781-2604 or email me at bill.mcleod@hoffmanestates.org.

Community briefs

Village Hall closed for New Year's

The Village Hall will be closed on New Year's Day (Wednesday, Jan. 1). Happy holidays!

Coffee with the Board

The first Coffee with the Board of 2020 is on Saturday, Jan. 18, at 10 a.m. at the Village Hall. Ask questions and give comments to the Hoffman Estates Board of Trustees.

Therapy Dog Thursday

Join Health and Human Services and Therapy Dog International on Thursday, Jan. 30, from 5:30 p.m. to 7:30 p.m. at the Village Hall (Health and Human Services entrance). Whether you've had a *ruff* week or just want to stop by and put a smile on your face, all are welcome for an evening of relaxation and fun. These pups will have you feeling thankful *fur* everything! For more information and to sign up, call 847-781-4850.

Free holiday light recycling

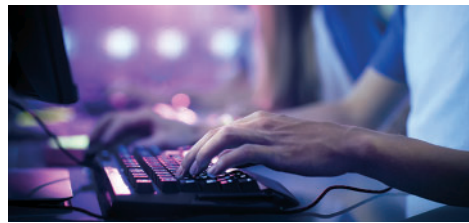

Reminder: you can drop off your old and broken holiday string lighting and extension cords at the Village Hall lobby during normal business hours. This free program for residents ends on Friday, Feb. 7.

Holiday garbage collection schedule

There will be no change to garbage and recycling collection on Monday, Dec. 30 (residents north of the Tollway), but Wednesday collection will be delayed one day to Thursday, Jan. 2 (residents south of the Tollway, including households west of Bartlett Road). Christmas tree collection is scheduled for the first two weeks of January and a yard waste sticker is required (attached to the tree trunk or a branch). Remember that all lights, ornaments and garland must be removed from the tree. Natural wreaths and garlands will also be accepted, provided the wiring has been removed. Plastic disposal bags are prohibited. These items should be placed in a Kraft yard waste bag with a disposal sticker attached. Yard waste stickers can be purchased at the Village Hall. For more information, call 847-781-2631.

Overwatch esports league

Are you in middle or high school? Do you like Overwatch? Are you interested in esports and competitive play? Sign up for a new Overwatch esports league! Over the course of eight weeks, you will meet with a team and learn how to play Overwatch competitively. Players will form teams and participate in scrimmages under the guidance of a coach and with support from the NIU Esports Club. Learn about Overwatch Workshop, as well as career paths in gaming and esports from industry experts. Classes take place on Thursdays from Jan. 16 through March 3 from 5 p.m. to 7 p.m. at the NIU Hoffman Estates campus, 5555 Trillium Blvd. This league is designed for youth ages 13 to 18. To register, visit www.gginit.org.

Bingo for senior citizens

Join the Commission for Senior Citizens on Wednesday, Jan. 15, at the Village Hall for an exciting morning of breakfast and bingo. The event starts at 10:30 a.m. (doors open at 10 a.m.). The cost to attend is \$4, which covers light refreshments and pastries. To register, contact Sue at 847-781-2606 or suzanne.lessen@hoffmanestates.org.

Keep fire hydrants clear of snow

During the winter months, firefighters face many issues when responding to structure fires, including locating fire hydrants buried in snow. It may take firefighters several minutes to dig out a hydrant in order to use it. Homeowners: keep the fire hydrant on your parkway clear of snow and other debris year-round. This is a great help to the members of the Hoffman Estates Fire Department.

Questions to Code

Q: Which extension cord types should be used for outdoor holiday lighting and outdoor equipment, such as snow blowers?

A: Use extension cords that are UL listed, labeled for outdoor use and feature a grounding (third) prong. Outdoor extension cords have durable insulation to protect them from sunlight, moisture and changes in temperature. Keep in mind that extension cords are intended for temporary use only (90 days maximum) and are not designed to take the place of permanent wiring. Extension cords will break down over time, especially after repeated use. Inspect these cords regularly and be sure to repair or replace them immediately upon noticing any damage to the plastic coating, missing or loose prongs, or other signs of wear. When not in use, extension cords should be rolled in large loops and stored so that they are not kinked or crushed.

Email your code questions to buildingpermits@hoffmanestates.org.

Village budget sets **priorities** for **2020** and beyond

The Village of Hoffman Estates' FY2020 Operating and Capital Budget was approved in early December 2019. The operating budget includes funding for services to be provided to the community in 2020, while the capital budget is an eight-year plan for significant projects the Village plans to accomplish. Together, the documents establish a firm financial foundation for long-term success.

For the seventh consecutive year, the Village's property tax levy for operations remains flat. The overall levy for 2020 increases 4.3% due to an increase in public safety pension costs.

The Village Board continues to focus on investment in Village neighborhoods. For FY2020, the Village has established a \$7.4 million street program, including an expanded resurfacing plan impacting 33 street segments, as well as full reconstruction of five roadways.

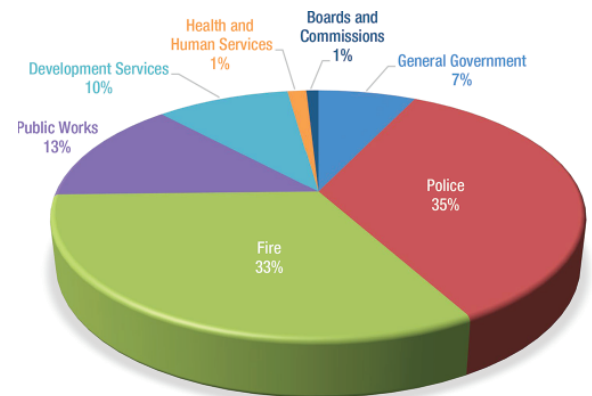

The Village continues its focus on economic development, with building permits for new and expanding businesses within Hoffman Estates projected to increase in FY2020. Over the next 12 months, construction continues on the redevelopment of the former AT&T campus into a mixed-use "Metroburbs," comprised of office, retail and residential components. A vision

for sustainable future growth of the Village will also be articulated in FY2020 through the development of a new Comprehensive Plan. The Village demonstrates its commitment to public safety by actively recruiting new police officers and firefighters to replace those retiring, as well as ensuring that all public safety employees have the best training available. Technology and equipment will also continue to be modernized to ensure the efficient and effective delivery of Village services, including more mobile computing capability.

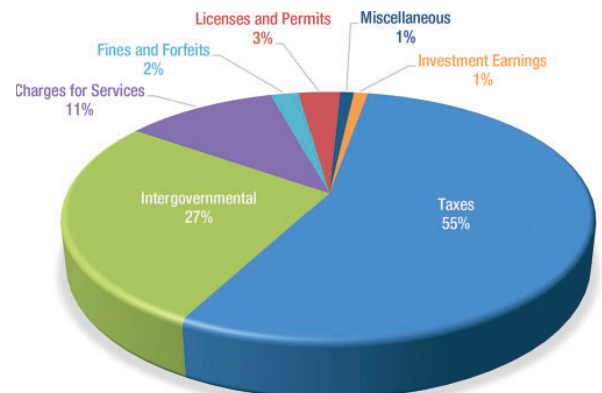

The FY2020 budget for all funds totals \$148,677,010. Revenues to the General Fund, the Village's primary operating fund, are projected to increase by \$1,979,310 (3.4%) from the FY2019 budget, reflecting an improved economy and increased development activity. The Village is projecting an increase of \$4,138,520 (7.1%) in General Fund expenditures from the FY2019 budget, primarily related to utilizing fund reserves to invest in capital.

The Village's balanced FY2020 budget continues its strong focus on efficiently delivering essential services while also proactively planning for the future.

Fire department and Orangetheory Fitness “Fill the Boot” for the MDA

The Hoffman Estates Fire Department and two local Orangetheory Fitness studios recently collected funds to donate to the Muscular Dystrophy Association (MDA) in their fight to end neuromuscular diseases.

The fire department has been committed to the MDA for the past 20 years by participating in the Fill the Boot campaign. In the late summer, firefighters collected at three separate locations throughout Hoffman Estates, asking drivers to “fill their boots” with donations that will help fund research projects to assist those with debilitating neuromuscular diseases. The MDA uses the funds collected to accelerate the development of therapies and cures, as well as to

provide programs and services that enrich the lives of people with neuromuscular disease.

This year, Orangetheory Fitness studios #0991 (Hoffman Estates) and #0325 (Schaumburg) teamed up with the fire department to raise funds for this great cause. Their contributions were able to assist in creating the largest annual donation total thus far for the Hoffman Estates Fire Department and the International Association of Fire Fighters (IAFF) Local 2061 – over \$9,000 in contributions! This partnership, formed through the Hoffman Estates Chamber of Commerce, will no doubt continue for years to come.

Members of the Hoffman Estates Fire Department along with two local Orangetheory Fitness studios participated in the 2019 Fill the Boot campaign and presented a check to the MDA with their collection totals.
