Together, these communities and businesses have reduced air pollution in the 6 county Chicago region by more than 5,442,258.33 lbs.

www.CleanAirCounts.org

Clean Air Counts is a northeastern Illinois regional initiative to reduce ozone-causing emissions, thereby improving air quality and enabling economic development. It is a collaborative effort among the Metropolitan Mayors Caucus, City of Chicago, U.S. Environmental Protection Agency Region 5, and Illinois Environmental Protection Agency. This multi-year initiative seeks to achieve specific and significant reductions in targeted smog-forming pollutants and major reductions in energy consumption. Clean Air Counts is made possible through the support of The Searle Funds at The Chicago Community Trust, Grand Victoria Foundation, The John D. and Catherine T. MacArthur Foundation, Gaylord and Dorothy Donnelley Foundation, and the United States Environmental Protection Agency.
