Minutes submitted by:

Jennifer Djordjevic, Director of Operation &
Outreach / Office of the Mayor and Board

Date

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request approval of IDOT Resolution to permit Village work on State of Illinois Rights-of-Way.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works

PURPOSE: For Village permitting on State roads, during 2021 and 2022.

BACKGROUND: Chapter 121 of the Illinois Revised Statues requires any person, firm or corporation desiring to perform work on State maintained rights-of-way must first obtain a written permit from the Illinois Department of Transportation. This includes any and all emergency work on broken water mains or sewers. A surety bond is typically required with each permit application to insure compliance with State specifications.

DISCUSSION: To expedite issuance of permits, IDOT has requested that the Village adopt a resolution for construction on State rights-of-way for work to be performed by the Village. A resolution is acceptable in lieu of a surety bond, and may be enacted for a period of two years. For Village emergency work (such as with water main repairs), IDOT approval procedures will remain the same. The current procedure requires Public Works to contact IDOT’s 24-hour dispatch number for verbal authorization before beginning work. At a later time, the Department completes and submits all required permit forms to the State. This resolution is the same as what has been approved by the Village Board in the past.

RECOMMENDATION: Request approval of IDOT Resolution to permit Village work on State of Illinois Rights-of-Way.

RESOLUTION NO. _____ - 2021

VILLAGE OF HOFFMAN ESTATES

A RESOLUTION FOR
CONSTRUCTION ON STATE HIGHWAYS

WHEREAS, the Village of Hoffman Estates, hereinafter referred to as "Municipality", located in the Counties of Cook and Kane, State of Illinois, desires to undertake, in the years of 2021 and 2022, the location, construction, operation and maintenance of driveways and street returns, watermains, sanitary and storm sewers, street lights, traffic signals, sidewalk, landscaping, etc. on State highways, within said Municipality, which, by law and/or agreement, come under the jurisdiction and control of the Department of Transportation of the State of Illinois hereinafter referred to as Department; and

WHEREAS, an individual working permit must be obtained from the Department prior to any of the aforesaid installations being constructed either by the Municipality or by a private person or firm under contract and supervision of the Municipality.

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Hoffman Estates, Cook and Kane Counties, Illinois, as follows:

Section 1: That the Village of Hoffman Estates hereby pledges its good faith and guarantees that all work shall be performed in accordance with conditions of the permit to be granted by the Department, and to hold the State of Illinois harmless during the prosecution of such work, and assume all liability for damages to person or property due to accident or otherwise by reason of the work which is to be performed under the provision of said permit.

Section 2: That all authorized officials of the Village of Hoffman Estates are hereby instructed and authorized to sign said working permit on behalf of the Village of Hoffman Estates.

Section 3: That this Resolution shall be in full force and effect immediately from and after its passage and approval.

ATTEST:

Village Clerk

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to extend 2020 contract for 2021 Contracted Branch/Brush Pickup Program to Lucas Landscape and Design, Deerfield, IL, in an amount not to exceed \$32,500.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Asst. Director of Public Works
Nick Lackowski, Village Forester

PURPOSE: Extend current contract for 2021 Branch/Brush Pickup Program.

BACKGROUND: This is an annually budgeted program, whereas the department provides a spring and fall brush pickup service to residents of the village. The program is completed through a combination of in-house staff and contractual assistance. This additional assistance has proven to offset the need for large amounts of additional public works staff which keeps them available to address their regular programs or any emergencies that may occur.

DISCUSSION: On January 29, 2020, five (5) bids were opened and staff began an evaluation process. After reviewing the bids, it was determined that Lucas Landscape and Design had submitted the lowest qualifying bid. All reference contacts provided positive feedback regarding the company's performance. Lucas Landscape and Design satisfactorily performed brush pick up work for the Village for the 2020 season and staff recommends utilization of the firm again with this requested contract extension for 2021.
A comparison/tabulation of the five (5) bid proposals is attached.

FINANCIAL IMPACT: The Village reserves the right to change, add or delete quantities for hours to be utilized. This quantity is conditioned upon the total amount of funds budgeted for the

FINANCIAL IMPACT: (Continued)

program each fiscal year as well as the amount of material that is set out for pickup. Given our ability to control the quantity of hours the contractor will be utilized, staff can cause the contract sum to be equal the available funding based on specifications requirements, and bidders submitted prices per hour to be worked as indicated on the attached tabulation form.

Funding for this year's Brush/Branch Pickup program is supported by \$32,500 budgeted within the Street Division Forestry & Grounds Program.

Averages from data compiled from the last five years for the spring and fall programs are listed below: (*Spring of 2020 is not included due to cancelation of the program as a result of the onset of the COVID-19 pandemic)

*Spring Program averages for the last five years	
Program Hours	700 Hours
Total Pick ups	1500 Pick ups
Total Yards	600 Yards generated
Fall Program averages for the last five years	
Program Hours	950 Hours
Total Pick ups	2750 Pick ups
Total Yards	1300 Yards generated

RECOMMENDATION:

Request authorization to extend 2020 contract for 2021 Contracted Branch/Brush Pickup Program to Lucas Landscape and Design, Deerfield, IL, in an amount not to exceed \$32,500.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to extend 2020 contract for 2021 season landscape maintenance services for (C&D locations) Village maintained detention areas and park type properties and various cul-de-sac islands to V. Cardenas Landscaping, East Dundee, IL, in an amount not to exceed \$55,428.50

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Asst. Director of Public Works
Nick Lackowski, Village Forester

PURPOSE: To extend contract for 2021 season landscape maintenance services for (C&D locations) Village maintained detention areas, park type properties, and various cul-de-sac islands.

BACKGROUND: In February 2020, bid specifications were prepared and mailed to nine (9) vendors with additional copies provided to the Clerk's Office. On March 10, 2020, the Village Clerk opened three (3) bids. A bid tabulation form is attached.

In addition to requesting bids for 2020 service delivery, alternate bids were requested for potential vendors to extend their contracts into the respective 2021 and 2022 landscape seasons. The successful contractor will be more likely to provide better services in hopes of attaining a contract extension for the next season. As contractor performance improves, year to year, staff has noticed a positive cumulative effect on the VOHE properties. The Village has the sole option to extend vendor contracts and staff shall recommend that 2021 and 2022 contractor bid extensions be held open for the Village Board to revisit in the future.

The mowing schedule for C&D locations include sites requiring bi-weekly landscape maintenance such as a number of detention/retention areas, center medians, street rights-of-way, as well as wells, lifts and tower sites.

BACKGROUND: (Continued)

Additionally, the contractor will be performing like landscape services for a number of cul-de-sac islands and dead-end properties throughout the Village. Vendors were also asked to provide alternate bids for possible additional cul-de-sac mowing that may occur and require maintenance.

DISCUSSION:

Following the bid opening, staff completed a review and comparison of the proposals submitted by the three (3) bidders. The vendor submitting the lowest qualifying bid was V. Cardenas Landscaping.

These sites are Village maintained detention areas and park type properties and various cul-de-sac islands. V. Cardenas' past performance (2018, 2019, & 2020 seasons) has proven to be reliable, responsive and timely, providing a high level of customer service.

A comparison of vendor bid prices follows:

Bidder	2020 Season	Alternate 2021 Season	Alternate 2022 Season
V. Cardenas Landscaping	\$55,428.50	\$55,428.50	\$58,199.84
Fleck's Landscaping	\$56,661.00	\$56,661.00	\$56,661.00
Alvarez Inc.	\$91,857.80	\$91,857.80	\$92,776.48

Staff is recommending to extend the contract for V. Cardenas Landscaping for the 2021 season based on their 2020 performance and pricing.

FINANCIAL IMPACT:

\$144,000 has been budgeted and allocated in 2021 for seasonal landscape maintenance services for two (2) separate bid requests. Based on the bids received and the firms being recommended for awarding of contracts, the line item funding is adequate to cover the costs.

RECOMMENDATION:

Request authorization to extend 2020 contract for 2021 season landscape maintenance services for (C&D locations) Village maintained detention areas and park type properties and various cul-de-sac islands to V. Cardenas Landscaping, East Dundee, IL, in an amount not to exceed \$55,428.50.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to extend 2020 contract for 2021 Parkway Tree Planting Program to St. Aubin Nursery, Kirkland, IL, in an amount not to exceed \$79,750.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Asst. Director of Public Works
Nick Lackowski, Village Forester

PURPOSE: To extend 2020 contract for 2021 Parkway Tree Planting Program.

BACKGROUND: This is an annual budgeted program whereby the Village purchases and plants parkway trees for, a) new subdivisions based on deposits collected from building permits, b) replacement tree plantings from accidents and storm damage, and for c) parkway tree plantings utilized to increase aesthetic value for various Village projects. Specifications were prepared and mailed requesting bids from contractors for the performance of this work and included options for extension of the contract for the respective 2021 and 2022 seasons. Planting of these trees occurs in fall with select species planted in the spring based on nursery recommendations for best chance of survivability.

DISCUSSION: On January 30, 2020, three (3) bids were opened and staff began an evaluation process. After reviewing the bids, it was determined that St. Aubin Nursery had submitted the lowest bid.

St. Aubin Nursery is known to the Village of Hoffman Estates for parkway tree planting services. St. Aubin Nursery planted a total of 2,500+ quality trees in conjunction with a number of village programs, mainly the village's Emerald

DISCUSSION: (Continued)

Ash Borer replacement program. The availability and quality of installation of product has for the most part exceeded expectations by the village. St. Aubin Nursery has provided satisfactory trees and performance for the village for over 25 years.

A comparison/tabulation of the three (3) bid proposals is attached.

FINANCIAL IMPACT:

The Village reserves the right to change, add or delete quantities of trees to be planted. This quantity is conditioned upon the total amount of funds budgeted for the program each fiscal year as well as the rate of completion of homes in new subdivisions and was indicated in the bid specifications.

Given our ability to control the quantity of trees the contractor will be planting, staff can cause the contract sum to be equal to that of funding availability. Based on specification requirements, bidders submitted prices per tree to be planted by species as indicated on the attached tabulation form.

Funding for this year's program is supported by \$52,250 budgeted within the Street Division Forestry & Grounds Program; Accident, storm damage, and out of warranty replacement plantings (\$37,500), planting/replanting of Village rights-of-way (\$11,750), Arbor Day and beautification plantings (\$3,000). Separate escrow account funding for subdivision plantings (\$27,500) is also included. This will permit approximately 260 trees to be planted in conjunction with these various programs for the 2021 season.

RECOMMENDATION:

Request authorization to extend 2020 contract for 2021 Parkway Tree Planting Program to St. Aubin Nursery, Kirkland, IL, in an amount not to exceed \$79,750.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to extend 2020 contract for 2021 Roadway Pavement Markings Program to Preform Traffic Control Systems, Ltd., Elk Grove Village, IL, in an amount not to exceed \$42,000.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
John Kovaka, Traffic Operations Supervisor

PURPOSE: Request authorization to extend 2020 contract for 2021 roadway pavement markings program to Preform Traffic Control Systems, Ltd., Elk Grove, IL, in an amount not to exceed \$42,000.

BACKGROUND: Each year the Public Works Department coordinates, with the Transportation Division, pavement marking painting needs throughout the Village. The maintenance requirements of existing pavement markings for fiscal year 2021 earmarked an adjusted amount of \$42,000 for this program and resulted in the execution of a formal bidding process. On June 16, 2020, the Village Clerk's Office opened two (2) received bids. A tabulation sheet is attached.

Note that within the Village Bid Specifications, it is required that all items repainted are to be priced on per lineal foot or square foot basis. The specification calls for final pay out per Village approved measurements. It is our intention to repaint as much roadway as possible for the lowest dollar amount and remain within budget allocations.

All tabulations of pricing were taken from the higher end of the paint striping footage parameters provided to the bidding vendors on their proposal form resulting in an equitable calculation of bids provided. In addition to requesting bids for 2020, alternate bids were requested for contractor to extend their contracts into the respective 2021 and 2022 year programs.

DISCUSSION:

A review and comparison of the 2020 submitted proposals by the two (2) vendors was completed. Comparisons of the two bids are as follows. Total combined costs for contractor performance of specified service on the higher scale of services needed (lineal feet or square feet) was used to compare over a three-year period.

	Preform Traffic Control Systems, Ltd. 625 Richard Lane Elk Grove, IL 60007 (low bid)	Marking Specialists Corp. 555 Sundown Rd. South Elgin, IL 60177
2020 Service Year	\$53,690	\$143,500
Alternate Bid 2021 Service Year	\$53,690	\$146,550
Alternate Bid 2022 Service Year	\$53,690	\$149,600

FINANCIAL IMPACT:

The 2021 Department budget includes \$42,000 for pavement markings, which has been adjusted and reduced from an original budgeted amount of \$60,000 due to the impending financial impacts of COVID-19. The program's service parameters will also be adjusted and reduced so that the new budget of \$42,000 is sufficient for the recommended proposal. Utilization of the \$42,000 within the FY2021 budget line item from Other Contractual Services in Traffic Control, account number 01404824-4542.

RECOMMENDATION:

Request authorization to extend 2020 contract for 2021 Roadway Pavement Marking Program to Preform Traffic Control Systems, Ltd., Elk Grove, IL, in an amount not to exceed \$42,000.

preform traffic control systems, ltd.

Supervisor of Traffic Operations
Village of Hoffman Estates
1900 Hassell Road
Hoffman Estates, IL 60195-2308

Re: Contract Extension — Pavement Markings 2021

Dear Mr. Kovaka:

Pursuant to the captioned contract, this letter is Preform Traffic Control Systems, Ltd.'s official notice to you of its desire to renew this contract for the year 2021 at the alternate bid prices for the 2021 service year and the same remaining terms and conditions as contained in the captioned contract.

We appreciate your continued confidence in Preform's performance on the Village's roadways, and we look forward to working with you during the 2021 service year.

Thank you in advance for your assistance and cooperation in this matter.

Sincerely,

Graham Schwartz
President

GS/md

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to extend 2020 contract for 2021 Street Sweeping Program, inclusive of all associated costs including removal and hauling of debris, to Lakeshore Recycling Systems (LRS) LLC, West Chicago, IL, in an amount not to exceed \$100,000.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
John Kovaka, Traffic Operations Supervisor

PURPOSE: To extend 2020 contract for the 2021 street sweeping program, inclusive of all associated costs including removal and hauling of debris.

BACKGROUND: Annual roadway sweeping reduces debris build-up on streets and reduces the amount of debris from entering storm drainage system and retention ponds.

On May 14, 2020, one (1) bid proposal was opened by the Village Clerk for 2020 sweeping costs with alternate proposals for 2021 and 2022. Complete bid was submitted by:

- Lakeshore Recycling Systems (LRS) LLC, of West Chicago, IL

Prior to the opening of the bid, Waste Management of Illinois, Cicero IL advised the Village Clerk in a letter that they would not be bidding, but did attend and observe the bid opening.

Lakeshore Recycling Systems has provided satisfactory street sweeping services to the Village since 2018 when it acquired the previous contract holder, K. Hoving Clean Sweep. The 2021 Department budget includes an adjusted amount of \$100,000 for contracted street sweeping services.

DISCUSSION:

The Village street sweeping program includes the following: one (1) full sweep in the spring, one (1) full sweep in the spring/summer, one optional (1) partial sweep in the summer, one (1) full sweep in the fall, and one (1) full sweep in the fall/winter. Service specifications call for a per-curb mile unit cost proposed for each individual sweep (Table A). A comprehensive tabulation of bids is included as an attachment.

Table A: Comparison of bids – 2021 Street Sweeping Program

2021 Street Sweeping Program	Lakeshore Recycling Systems, LLC (LRS)	
	Per Mile	Total
Spring (full sweep)	\$69.27	\$20,573.19
Spring/Summer (full sweep)	\$69.27	\$20,573.19
Summer (partial sweep)	\$69.27	\$8,450.94
Fall (full sweep)	\$102.82	\$30,537.54
Fall/Winter (full sweep)	\$102.82	\$30,537.54
Program Total:		\$110,672.40

* Village may opt-out of partial summer sweep.

Lakeshore Recycling Systems proposed the only bid at \$110,672.40 for the 2021 program.

Additional street sweeping may be required throughout the year to address special events (4th of July, parade, etc.), areas with excessive debris, and department construction site clean-up. Additional costs for special sweeps must be included in (and not exceed) the awarded contract amount.

FINANCIAL IMPACT:

The 2021 Department budget includes \$100,000 for street sweeping, which has been adjusted and reduced from an original amount of \$125,000 due to the impending financial impacts of COVID-19. The program's service parameters will also be adjusted and reduced so that the new budget of \$100,000 is sufficient for the recommended proposal.

RECOMMENDATION:

Request authorization to extend 2020 contract for 2021 Street Sweeping Program, inclusive of all associated costs including removal and hauling of debris, to Lakeshore Recycling Systems (LRS) LLC, West Chicago, IL, in an amount not to exceed \$100,000.

Hoffman Estates
Department of Public Works

Hoffman Estates, IL 60169
Attn: John Kovaka

2/10/2021

John,

On behalf of Lakeshore Recycling Systems Clean Sweep department, thank you again for another excellent year of partnership. This being said, LRS would be pleased to offer a 1 year extension on the contract.

Lakeshore Clean Sweep, LLC – STREET SWEEPING SERVICE

All terms to remain the same as the contract with the exception of the adjusted rates for 2021.

Adjusted rates:

Regular Cycle: \$20,573.19

Extra Work (Saturdays): \$48.71/curb mile

Partial Cycle: \$8,450.94

Extra Work (Sunday/Holiday): \$70.35/curb mile

Leaf Sweep (Fall): \$30,537.54

We look forward to providing our services to the Village of Hoffman Estates once again!

Regards and be safe,

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to waive formal bidding and purchase replacement heavy-duty dump truck chassis using Sourcewell (formerly NJPA) contract number 060920-PMC discount from JX Truck Center, Wadsworth, IL, in an amount not to exceed \$91,362.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
Joe Capiga, Fleet Services Supervisor

PURPOSE: To replace one (1) heavy duty single axle truck chassis via Sourcewell (formerly NJPA) contract 060920-PMC.

BACKGROUND: Included in the 2021 Capital Improvements Program budget is funding totaling \$206,000 for the purchase of a replacement front line heavy-duty dump truck, for current Unit #7 which is a 2005 International Model 7400 single axle dump truck. It has been in service as a front line dump truck and principal snow/ice control unit since purchased.

DISCUSSION: Sourcewell (formerly NJPA) is a purchasing consortium and has the current Purchase Contract for a 2021 Peterbilt 4x2 single rear axle dump truck chassis.

The Village joined Sourcewell (formerly NJPA) in 2010 and recently used the Sourcewell discount pricing in 2020 for the up fitting of truck chassis.

As this request is to purchase a truck chassis only, upon delivery the chassis will need to be up fitted with dump body, underbody and front snow plow, and salt spreading equipment purchased through another vendor to be brought before a future Public Works Committee meeting.

FINANCIAL IMPACT:

A total of \$206,000 for the purchase of a replacement and up fitting of a front line heavy-duty dump truck with the cost for the chassis for this replacement vehicle being \$91,362. The surplus of \$114,638 will be utilized to up fit the vehicle with various equipment and components including stainless steel dump body, under body and front plow, salt spreading system, etc. This vehicle is being replaced by way of finance payments for a 7-year period from account #37000025-4603.

RECOMMENDATION:

Request authorization to waive formal bidding and purchase replacement heavy-duty dump truck chassis using Sourcewell (formerly NJPA) contract number 060920-PMC discount from JX Truck Center, Wadsworth, IL, in an amount not to exceed \$91,362.

Base Model				
0003481	S	Model 348 The Model 348 was designed to exceed the rigid demands of Class 7 and Class 8 specialty application markets that require rugged durability and a wide range of optional content. The Model 348 represents a multi-dimensional performer with a GVW from 33,000 to 66,000 lbs. and optional capacity ratings to suit almost any vocation. The 348 is also available in a specifically designed all-wheel-drive configuration. From construction and crane service to utility and delivery services in both Class 7 and Class 8 markets, the 348 is in a class by itself.	108,550	10,610

Dear Joe,
 JX Peterbilt – Wadsworth is pleased to present a price quotation for New 2022 Peterbilt Model 348 single axle chassis with the enclosed specification.

2021 Sourcewell Contract #060920-PMC

List Price 2021 spring build

Peterbilt Model 348 Sourcewell 2021 new discount 35% off list	\$141,206.00
SOURCEWELL List Price Discount	-(\$49,422.00)

Total chassis price with Sourcewell discount	\$91,784.00
ADDITIONAL JX Price discount	-(2,000.00)
	\$89,784.00

Sourced Goods and services

Body and snow plow supply by others	xxxxx
Fuel, Def and Detail,title doc fee and plates/title	\$778.00
Windshield defroster	\$800.00

Total Sourced Goods and services	\$1,578.00
----------------------------------	------------

Total truck Cost	
Sourced goods and service cost	\$1,578.00
Sourcewell Peterbilt 348 Chassis less discounts	\$89,784.00

Total truck chassis	final price	\$91,362.00
---------------------	-------------	-------------

Full chassis payment due net 30 days from delivery to chosen body builder

Order Requirements: Signed final set of truck specifications, Signed JX purchase order contract or Village Purchase Order.

Sincerely,

Richard Venuso

Base Model				
0003481	S	Model 348 The Model 348 was designed to exceed the rigid demands of Class 7 and Class 8 specialty application markets that require rugged durability and a wide range of optional content. The Model 348 represents a multi-dimensional performer with a GVW from 33,000 to 66,000 lbs. and optional capacity ratings to suit almost any vocation. The 348 is also available in a specifically designed all-wheel-drive configuration. From construction and crane service to utility and delivery services in both Class 7 and Class 8 markets, the 348 is in a class by itself.	108,550	10,610

IMPORTANT BUYER INFORMATION

1. Any warranties from a Manufacturer or supplier, including warranties on any Dealer-Installed Non-Manufacturer accessories, are theirs, not Dealers, and only such Manufacturer or other supplier will be liable for performance under those warranties. All goods, services and vehicles sold by Dealer are sold "AS IS." (SEE PARAGRAPH 10 ON REVERSE SIDE) This disclaimer in no way affects the Manufacturer's Vehicle Warranty.

2. If this is a credit sale or lease, this Order is not binding on the Buyer, and the Buyer can cancel it and receive the deposit, until Buyer receives a document containing the required financial or lease disclosures, which shall control.

3. The annual percentage rate for a credit sale may be negotiable with the Dealer. The Dealer may assign this contract and retain its right to receive a part of the finance charge.

4. The salesperson has no authority to make, and Dealer shall not be bound by, any promises or representations unless they are written on this order and approved by Dealer's authorized representative.

5. Unless otherwise noted, the Buyer will be the registered owner/lessee of the Vehicle.

6. The installment contract, lease or other document signed by the Buyer may require the Buyer to submit claims arising from or related to the purchase, lease or financing of the Vehicle to binding arbitration.

7. LIMITATION OF ACTION: Any suit or claim for arbitration (if applicable) arising out of or relating to the purchase of the Vehicle described herein against the Dealer by the Buyer must be filed no more than 365 days after the date of the delivery date of the Vehicle. (SEE PARAGRAPH 15 ON THE REVERSE SIDE).

BUYER'S REPRESENTATIONS

I have read the printed and oral terms of this Order, and I understand and agree to it as part of this Order, as if it were printed above my signature. I understand that the front and back of this Order comprise the entire agreement affecting this purchase, and no other agreement or understanding of any nature concerning same has been made or entered into or will be made. I also certify that no credit has been extended by Dealer or arranged by Dealer for the cash down payment unless it appears in writing on the face of this Order. I certify that I am at least 18 years old and acknowledge receipt of a copy of this Order. By signing below, I authorize outside parties to release financial information to the Dealer that includes, but is not limited to, information regarding my assets and debts, including the financing of the equipment listed on the face of this document.

This Order is not binding until Dealer's authorized representative signs here.

ADDITIONAL TERMS AND CONDITIONS

The Order on the reverse side hereof includes the following terms and conditions:

1. **DEFINITIONS AND RELATIONSHIP:** As used in this Order, the term "Manufacturer" means the company that manufactured the Vehicle or chassis. The Dealer is not the agent of Manufacturer. Dealer and Buyer are the only parties to this Order. Reference to Manufacturer is for the purpose of explaining generally certain contractual relationships between Dealer and Manufacturer regarding new vehicles.
2. **PRICE CHANGES:** Manufacturer has reserved the right to change the price to Dealer of new vehicles without notice. In the event the price to Dealer of new vehicles of the series and body type hereby ordered is changed by Manufacturer prior to delivery of the Vehicle ordered by Buyer, Dealer reserves the right to charge the total delivered price of the Vehicle to Buyer at the lease term accordingly. If such total delivered price or lease term is increased by Dealer, Buyer may, if dissatisfied, cancel this Order. In that event, if a Vehicle has been traded in as part of the consideration for the new Vehicle, it shall be returned to Buyer upon payment of a reasonable charge for storage and repairs (if any) or, if the trade-in Vehicle has been previously sold by Dealer, the amount received from the sale, less a selling commission of 15% and any expenses incurred in storing, insuring, transporting and advertising the trade-in Vehicle for sale, will be returned to Buyer.
3. **TITLE AND POSSESSION:** If a Vehicle to be traded in as a part of the down payment for the Vehicle ordered by Buyer is not delivered to Dealer, until delivery to Buyer of the ordered Vehicle, the trade-in Vehicle will be repossessed at that time, and such repossession value will determine the allowance made for the trade-in Vehicle. If the repossession value is lower than the original trade-in allowance shown on the Order, Buyer may, if dissatisfied, cancel this Order, provided, however, that the right to cancel must be exercised prior to the delivery to Buyer of the Vehicle ordered and the amount of the trade-in Vehicle to Dealer.
4. **EVIDENCE OF TITLE FOR TRADE IN:** Buyer agrees to deliver to Dealer evidence of unencumbered title to any Vehicle traded in as a part of the down payment for the Vehicle ordered. Buyer warrants and represents any trade-in Vehicle to be Buyer's property free and clear of all liens and encumbrances, including an otherwise noted on the front of this Order. Buyer warrants and represents that the Vehicle will not in any way account for or incur any frame damage not as a functional salvage, damaged vehicle or flood vehicle. The Buyer further warrants and represents that the odometer of the Vehicle traded in is part of the Vehicle Order was not altered or tampered with prior to its transfer to the Dealer. Additionally, the Buyer certifies that all emissions including but not limited to, the diesel particulate filter (DPF) valves, and EGR valves, and EGR cooler function properly and will pass industry tests and inspections. All other equipped model year 2008 and newer trucks must have fully functional particulate trap capture or regeneration at normal factory settings.
5. **WARRANTY:** Unless the Order is cancelled by Buyer in accordance with the provisions of Paragraphs 2 or 3 above, Dealer has the right, upon delivery or refusal of Buyer to accept delivery of the Vehicle ordered and is conform with the terms of the Order, to retain an adjusted mileage. Any such repair made by Buyer and in the event a Vehicle has been traded in as a part of the down payment for the Vehicle ordered to trade such trade-in vehicle and remove such from the proceeds of such sale for the expenses specified in Paragraph 2 above, and for such other expenses and losses as Dealer may incur or suffer as a result of such failure of trade-in Buyer.
6. **RECALL CHANGES:** Manufacturer has reserved the right to change the design of any new vehicle chassis, accessory or part at any time without notice, without the obligation to make the same or any similar change upon any Vehicle, chassis, accessory or part previously purchased by or shipped to Dealer or being manufactured or sold in accordance with Dealer's terms. In the event of any such change by Manufacturer, Dealer has no obligation to Buyer to make the same or any similar change in any Vehicle, chassis, accessory or part covered by this Order, while before or after delivery to Buyer.
7. **DELIVERY LIABILITY LIMITATION:** Dealer will not be liable for failure to deliver or delay in delivering the Vehicle where such failure or delay is due, in whole or in part, to any cause beyond the control or without the fault or negligence of Dealer. Buyer agrees that Buyer is not entitled to recover from Dealer any consequential damages, damages to property, damages for the loss of use of the Vehicle, loss of time, loss of profits or income, or any other incidental damages which may result from failure to deliver or delay in delivery of the Vehicle where such failure or delay is due, in whole or in part, to any cause beyond the control or without the fault or negligence of Dealer, including, but not limited to, Manufacturer's failure to produce or deliver the Vehicle.
8. **TAXES:** The Total Taxable Price for the Vehicle ordered does not include sales, use, excise or other taxes (Federal, State or Local). Buyer assumes and agrees to pay, unless prohibited by law, any such taxes imposed on or applicable to the transaction covered by this Order, regardless of which party may have primary tax liability.
9. **FINANCIAL RESPONSIBILITY:** If a charge for a credit life or accident and health insurance is included in any installment sales contract signed by the parties in conjunction with this Order, and if such insurance is either wholly or partially unavailable to Buyer, the charge of applicable portion for such wholly or partially unavailable insurance will be deducted from the Total Time Balance and credited to Buyer. However, such whole or partial unavailability will not affect the rest of this Order; and this Order and any installment sales contract or lease executed in conjunction with this Order shall remain in full force and effect.
10. **WARRANTY DISCLAIMER:**
 - A. IN THE EVENT THE VEHICLE IS EITHER A NEW VEHICLE, DEMONSTRATOR OR A USED VEHICLE, THE BUYER SHALL BE SUBJECT TO THE MANUFACTURER'S WARRANTY, DEALER EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THE VEHICLE. FURTHER, DEALER NEITHER MAKES NOR AUTHORIZES ANY OTHER PERSON TO MAKE ON DEALER'S BEHALF, ANY WARRANTY IN CONNECTION WITH THE SALE OF THE VEHICLE. AS TO ANY MANUFACTURER'S WARRANTY WHICH MAY BE EXTENDED TO BUYER BY MANUFACTURER, DEALER SPECIFICALLY DISCLAIMS ANY LIABILITY THEREUNDER, SUCH MANUFACTURER'S WARRANTY AGREEMENT BETWEEN BUYER AND MANUFACTURER ONLY.
 - B. UNLESS A SEPARATE WRITTEN INSTRUMENT SHOWING THE TERMS OF ANY DEALER WARRANTY OR SERVICE CONTRACT IS FURNISHED BY DEALER TO BUYER, THIS VEHICLE IS SOLD OR LEASED "AS IS," AND THE DEALER DISCLAIMS ALL WARRANTIES, ITEMS OR COMES OR PARTS, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
 - C. IN THE EVENT THE VEHICLE IS A USED VEHICLE SUBJECT TO FEDERAL TRADE COMMISSION RULES REGARDING THE VERACITY OF A "BUYER'S GUIDE" THE RESPONSIBILITY FOR THE ACCURACY OF THE INFORMATION FOR THIS VEHICLE IS PART OF THIS CONTRACT, INFORMATION ON THE BUYER'S GUIDE (VERACITY) AND CONSUMER PROTECTION IS THE DEALER.
11. **DAMAGE DISCLOSURE:**
 - A. **NEW VEHICLE, DEMONSTRATOR, OFF-CYCLE OR MANUFACTURER'S VEHICLE OR PROGRAM VEHICLE:** Damage to a new vehicle (including to all mechanical components, electrical components, wheel, metal, paint, trim or other appearance items) may occur either at the factory during assembly while the vehicle is being transported to Dealer, or while in Dealer's possession awaiting sale. Normally, any damage which occurs during assembly is detected and corrected at the factory during the inspection process. Damage which has been repaired by the Manufacturer prior to delivery to Dealer, since generally unknown to Dealer, will not be disclosed.
 - B. **USED VEHICLES:** Since a used Vehicle has been subject to use and possibly to body and mechanical damages, the Vehicle may have been subject to repairs for mechanical reasons or to enhance appearance for sale. Such repairs may include body work and painting of the Vehicle. Since (i) Buyer has the right to inspect the Vehicle, (ii) Dealer generally lacks knowledge of all prior repairs, and (iii) there is uncertainty as to what may be deemed material to Buyer, Dealer makes no representations as to former damage or as to whether the Vehicle was in a prior accident, bad frame damage or incurred any other damage that would affect the condition of the vehicle or its value.
12. **ODOMETER DISCLAIMER:** The mileage shown on the odometer of the Vehicle sold or leased is believed by Dealer to be the actual mileage of the Vehicle unless otherwise disclosed. However, Dealer makes no warranties or representations as to the actual mileage that the Vehicle has been driven, and expressly disclaims any liability for damages which may be asserted by Buyer, or Buyer's transferees or assigns, in the event the mileage shown is incorrect. Should the vehicle subject to this Agreement be subject to the Federal Odometer Statute, the Odometer Statement provided by Dealer shall control.
13. **COLOR OR EQUIPMENT CHANGE:** If the Vehicle ordered is received by Dealer with a different color or equipment, Buyer will be notified. If Dealer and Buyer reach an agreement as to purchase or lease of the Vehicle, a new Order shall be completed by Dealer and Buyer covering the Vehicle received, and the new Order will take the place of this Order and this Order will be null and void.
14. **OTHER DOCUMENTS:** The Buyer, before or at the time of delivery of the Vehicle, will sign such other documents as may be required by the terms and conditions of payment, insurance on the front of this Order.
15. **LIABILITY FOR THE VEHICLE BEFORE DELIVERY:** A BUYER'S ABANDONMENT CLAIM IS APPLICABLE AGAINST THE DEALER. Buyer agrees that any abandonment claim (if applicable) or lawsuit arising out of or related to the purchase or lease of the Vehicle described herein against the Dealer must be filed no more than 365 days after the date of the delivery of the Vehicle. While Buyer understands that the statute of limitations for claims arising out of the purchase or lease of the vehicle may be longer than 365 days, Buyer agrees to be bound by the 365 period of limitations as set forth herein, and BUYER WAIVES ANY STATUTE OF LIMITATIONS TO THE CONTRARY.
16. **WARRANTY CLAIMS GOVERNED BY LAW AND VENUE:** Any provisions of this Order prohibited by State or Federal Law will be ineffective to the extent of such prohibition, but shall not invalidate the remaining provisions of the Order. This Order shall be governed by the laws of the State in which it is written, and Buyer agrees that the state court of the county in which the Dealer is located shall be the court of exclusive jurisdiction and venue with respect to any disputes arising from or related to this Order.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to waive formal bidding and purchase replacement Street vehicle through Suburban Purchasing Cooperative Contract from Roesch Ford, Bensenville, IL, in an amount not to exceed \$34,561.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities Committee

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
Joe Capiga, Fleet Services Supervisor

PURPOSE: Request authorization to waive formal bidding and purchase the budgeted replacement vehicle for Public Works Unit #30 through the Suburban Purchasing Cooperative Contract.

BACKGROUND: Included within the 2021 department budget is a funding to replace current Unit #30 which is in excess of twelve years in age. A total of \$55,100 (#37000025-4603) has been budgeted and approved for the replacement and up fitting of this vehicle. In addition to the cost of the vehicle, the amount budgeted includes costs for up fitting this vehicle with various equipment.

Unit # 30 is a utility bodied pickup truck assigned to the Forestry Division. The utility body carries tools and supplies used in the field for forestry operations. The replacement unit is also planned to be up fitted with a utility body and a snow plow for use with front line snow and ice operations.

DISCUSSION: The current Suburban Purchasing Cooperative Contract for F-350 Pickup trucks fiscal year 2021, contains an award for this type vehicle, to the qualifying dealer, Roesch Ford, Bensenville, IL. Purchases of similar Public Works vehicles have occurred through this vendor in past years, the past few with satisfactory results. The Suburban Purchasing Coop offers reduced pricing to member cities and municipalities.

FINANCIAL IMPACT:

A total of \$55,100 has been approved for the replacement and up fitting of this vehicle with the cost for the chassis being \$34,561. The surplus of \$20,539 will be utilized to up fit the vehicle with various equipment for their designed purpose (utility body, plow, etc.). Replacement for this vehicle is occurring by way of finance payments over a 7-year term. The request for up fitting of the vehicle will be brought to the Public Works & Utility Committee in March.

RECOMMENDATION:

Request authorization to waive formal bidding and purchase replacement Street vehicle through Suburban Purchasing Cooperative Contract from Roesch Ford, Bensenville, IL, in an amount not to exceed \$34,561.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to waive formal bidding and purchase replacement Water and Sewer vehicles through Suburban Purchasing Cooperative Contract from Sutton Ford, Matteson, IL, in an amount not to exceed \$81,177.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities Committee

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
Joe Capiga, Fleet Services Supervisor

PURPOSE: Request authorization to waive formal bidding and purchase budget allocated replacement vehicles for Public Works, Unit #20 and Unit #61, through the Suburban Purchasing Cooperative Contract.

BACKGROUND: Included within the 2021 department budget is funding to replace current Unit #20 crane truck, and Unit #61 mini-dump truck. Each vehicle was originally purchased in 2008. A total of \$238,780 was budgeted and approved for the replacement and up fitting of these vehicles with various equipment.

Unit #20 is a utility crane vehicle used by the Operations division to service sanitary lift stations and water pumping stations. The utility body houses tools, an air compressor, generator, power washer, and a crane. The crane is used to pull sanitary pumps for maintenance.

Unit #61 is a mini-dump truck used for water/sewer excavations, hauling spoil/gravel, general maintenance work, and snow & ice operations. In the winter it is equipped with both a plow and spinner/auger.

DISCUSSION: These vehicles require a model with a heavy duty chassis. The Ford F-550 cab chassis meets these requirements and for fiscal year 2021, Sutton Ford, Matteson, IL, is the qualifying dealer awarded the contract through the Suburban

DISCUSSION: (Continued)

Purchasing Cooperative Contract. A number of new and replacement vehicle purchases have been made in prior years through the Suburban Purchasing Coop which offers reduced pricing to member cities and municipalities. The request for up fitting will be brought to the Public Works & Utility Committee in March.

FINANCIAL IMPACT:

A total of \$238,780 has been approved for the replacement and up fitting of these vehicles with the cost for the chassis being \$81,177. The surplus of \$157,603 will be utilized to up fit the vehicles with various equipment for their designed purpose. Funding is allocated by way of \$150,000 in account #40407325-4603 for Unit #20. Unit #61 is being replaced by way of finance payments over a 7-year period in the amount of \$10,630 from account #40407325-4603 and \$2,250 from account #37000025-4603 for each year through 2027.

RECOMMENDATION:

Request authorization to waive formal bidding and purchase replacement Water and Sewer vehicles through Suburban Purchasing Cooperative Contract from Sutton Ford, Matteson, IL, in an amount not to exceed \$81,177.

**COMMITTEE AGENDA ITEM
VILLAGE OF HOFFMAN ESTATES**

SUBJECT: Request authorization to waive formal bidding and purchase replacement Street and Water vehicles through Suburban Purchasing Cooperative Contract from Currie Motors, Frankfort, IL, in an amount not to exceed \$98,030.

MEETING DATE: February 22, 2021

COMMITTEE: Public Works & Utilities Committee

FROM: Joseph Nebel, Director of Public Works
Kelly Kerr, Assistant Director of Public Works
Joe Capiga, Fleet Services Supervisor

PURPOSE: Request authorization to waive formal bidding and purchase budget allocated replacement vehicles for Public Works Units #31, #43 and #18, through Suburban Purchasing Cooperative Contract.

BACKGROUND: Included within the 2021 department budget is a funding to replace current Units #31, #43 and #18 which all exceed twelve years in age. A total of \$142,330 (#37000025-4603 - \$93,000 and #40407325-4603 - \$49,330) has been budgeted and approved for the replacement and up fitting of these vehicles. In addition to the cost of the vehicles, the amounts budgeted include costs for up fitting these vehicles with various equipment.

Unit #31 is a general purpose pickup truck assigned to the Forestry Division. Unit #43 is a stake body truck assigned to the Storm Sewer Crew. Unit #18 is a general purpose pickup truck assigned to the Water/Sewer Underground Division. Units #31 and #18 up fitting will include snow plow packages as they are utilized for front line snow and ice operations.

DISCUSSION: The current Suburban Purchasing Cooperative Contract for light duty and medium duty trucks fiscal year 2021, contains an award for 2021 Ford F-250 and F350 trucks, to the qualifying dealer, Currie Motors, Frankfort, IL. Purchases of like Public Works vehicles as well as a number of Police vehicles have occurred through this vendor over the past few

DISCUSSION: (Continued)

years with very satisfactory results. The Suburban Purchasing Coop which offers reduced pricing to member cities and municipalities.

FINANCIAL IMPACT:

A total of \$142,330 has been approved for the replacement and up fitting of these vehicles with the cost for the chassis being \$98,030. The surplus of \$44,300 will be utilized to up fit the vehicles with various equipment for their designed purpose. Replacement for these vehicles is occurring by way of finance payments over a 7-year term. The request for up fitting of the vehicles will be brought to the Public Works & Utility Committee in March.

RECOMMENDATION:

Request authorization to waive formal bidding and purchase replacement Street and Water vehicles through Suburban Purchasing Cooperative Contract from Currie Motors, Frankfort, IL, in an amount not to exceed \$98,030.

VILLAGE OF HOFFMAN ESTATES

DEPARTMENT OF PUBLIC WORKS

January 2021 MONTHLY REPORT

SUBMITTED TO: Public Works Committee

February 2021

Joseph Nebel
Director of Public Works

Kelly Kerr
Assistant Director of Public Works

2020 VALVE ASSESSMENT PROGRAM

October 13, 2020: a virtual project kick-off meeting with Wachs Water Services was held. This year's program includes exercising and assessment of 500 valves and a concurrent leak survey, including hydrants. Work is scheduled to begin in early November in Parcels C and D, Pie, Moon Lake, and the Barrington Square area. Valve boxes/vaults will be pumped down, as needed, for visual inspection. This project is expected to last 3 to 4 weeks.

November 4, 2020: Work began in the Barrington Square and Greenspoint Parkway areas.

November 2020: By the end of the month, 277 valves have been completed. In addition, a total of 9 sites have been identified as possible leaks to be further investigated using electronic leak correlation.

December 2020: The valve assessment and leak detection program is complete. A total of 16 sites were identified as possible leaks. After further investigation using advanced leak correlation equipment, 1 site was confirmed as a leak and was immediately repaired. Final report of this program is pending.

January 2021: The final report was presented through a virtual meeting. Approval of the final report is pending on the submission of complete GIS data sets for the assessed valves.

GOLF LIFT STATION REPLACEMENT

May 4, 2020: Village Board authorized the construction contract with Rausch Infrastructure, LLC for Golf Road Lift Station Replacement. The scope of work covers replacing the existing steel can style lift station with a submersible pump lift station, temporary bypass pumping, excavation, backfill, demolition of the existing structure, rehabilitation of wet well, installation of a cast-in-place structure with a concrete wet well and adjacent valve vault, installation of submersible pumps and motors, piping and valves, flow meter in vault, bypass connection vault, controls in a prefabricated concrete building, emergency power generator and transfer switch, integration of the new equipment to the existing electrical service, an asphalt access driveway, site restoration, and other miscellaneous items of work.

August 5, 2020: the pre-construction meeting was held and notice for construction to proceed was issued.

August 14, 2020: Construction baseline schedule was submitted. Construction is scheduled to start in mid-September 2020 and to be complete in June 2021.

September 2020: review of shop drawings for necessary revisions and corrections. Construction is delayed due to unexpected IDOT permit requirement.

October 2020: Construction was further delayed due to new ComEd requirements concerning the electric service line for the new station. The IDOT construction permit application was resubmitted including a widened driveway and directional boring for conduit installation that will cross Golf Road for the new electric line.

November 2020: Received review comments from IDOT regarding necessary local approval for drainage and design of the conduit installation to cross Golf Road.

December 2020: Design of the new Golf Road conduit crossing for the ComEd service line is complete.

January 2021: Received final comments from IDOT for project permit application.

CHIPPENDALE LIFT STATION REHABILITATION

May 4, 2020: The Village Board authorized a contract with Marc Kresmery Construction for the rehabilitation of Chippendale Lift Station to include rehabilitation of the existing lift station and the wet well, replacement of existing pumps and motors, installation of controls in a new above-ground utility cabinet, installation of a new emergency generator and transfer switch, integration of the new equipment to the existing electrical service, site restoration, and other miscellaneous items of work.

May 18, 2020: The Village Board authorized a revised construction plan to include abandonment of the existing dry well and conversion of the existing wet well to accept pumps originally designed and proposed for the dry well station. This revision will greatly reduce confined space entry hazards for staff and reduce the costs and difficulties of future maintenance.

June 2020: Notice for construction to proceed was issued at a pre-construction meeting.

July 2020: Construction began on July 6, 2020. Cleaning, leak sealing, and interior coating of the wet well is complete. The new valve vault with valves, force main piping, and plug valve is also complete. Installation of pumps is expected in early August.

August 2020: One pump was installed with successful test run. The installation of the other pump is pending scheduled delivery of control panel. Site restoration of driveway and parking lot is complete.

September 2020: Standby generator was delivered to the site for installation. Delivery of the control panel is delayed to early October. A request for contract extension by 90 days due to COVID-19 related delay is being discussed. Project substantial completion is planned and expected in October.

October 2020: Installation of the new generator, control panel, and second pump is complete. Staff training on new equipment and control systems is complete. The station has been placed in service and initial operation indicates high level of staff satisfaction. Remaining work includes transfer of the electric line to the new control panel and disconnect and removal of the old control panel.

November 2020: ComEd completed transferring power line connection to the new control panel. The old control panel was disconnected and is scheduled for removal in December.

December 2020: The old control panel and its concrete base have been removed and site restoration is complete. Project is closed pending final invoice.

January 2021: Final invoices was submitted, pending engineer's review and approval.

WATER TOWER PAINTING – T2 AND T4

December 2, 2019: The Village Board authorized a contract with L.C. United Painting Co. for the painting of water towers at Stonington Boulevard (T2) and Huntington Boulevard (T4) and other miscellaneous items of work.

February 2020: Final approval for a low interest loan from the IEPA to fund this project was received.

April 2020: A pre-construction meeting was held. The siren post at T4 was relocated to avoid being damaged during this project and a temporary pole was installed to allow relocation of existing antennas affixed to the tower. Interior cleaning of T4 is complete with exterior cleaning in progress. A significant majority of metal repairs were completed including welding of the wet interior roof hatch and other minor rehabilitation.

May 2020: T4 painting is substantially complete including all metal repairs, foundation painting, and other miscellaneous work.

June 2020: T4 was returned to service on June 4, 2020 following disinfection and two consecutive successful water samples. Preparation for the painting of T2 began with minor metal repairs. All remaining work on T2 is scheduled to begin in September, 2020.

July and August 2020: No work was performed. The contractors was making effort to hire Illinois workers for the remaining work of T2 painting.

September 2020: Antennas for cellular services have been relocated back to T4 and the temporary tower has been removed. Landscape restoration is also complete at T4 site. The contractor is waiting for approval by the attorney general office for exemption from the employment act so that they can use the same crew of non-Illinois workers to start T2 painting.

October 2020: A request for a completion date extension was submitted to the IEPA for approval. The proposed new substantial completion date is June 30, 2021 with a new final completion date of July 30, 2021. The changed completion date will provide the contractor a guaranteed period of favorable weather to start and complete the project.

November 2020: Received IEPA approval for Change Order #2 regarding the extension of the final contract completion date to July 30, 2021.

January 2021: No progress. The painting of T-2 is projected to begin in April, 2021.

WATER DISTRIBUTION SYSTEM STUDY

April 1, 2019: The Village Board authorized a contract with Burns & McDonnell for engineering services to study and evaluate the water distribution system.

May 2019: A project kick-off meeting was held. Data collection and processing began.

September - November 2019: Necessary software was integrated with the Village SCADA system to allow a comprehensive analysis of water system operation. Plans were made for fire flow testing and telog installation. Work began on a hydraulic model of the water system. Field measurements (fire flows and pressures), field data insertion into the model, and model calibration is complete. Water tower evaluation is complete.

June 2020: A hydraulic evaluation of the distribution system continued, following a delay due to the COVID-19 pandemic, including analysis of existing or future water tower locations, potential water main improvements, and water storage turnover/replenishment as well as a detailed review and simulation of the hydraulic model.

July 2020: Preparation continued on the final report of this study. Analysis continued on pumping, pressure, and storage turnover/replenishment.

August 2020: Team meeting was held to review draft report and conduct simulation run of the hydraulic model of the water distribution system under various scenarios. Parameters for water main replacement analysis was outlined.

September 2020: Successful coordination meeting was held with JAWA operation team on pressure and flow control for T2 painting project.

October 2020: Evaluation of T2 isolation for painting and analysis of water system storage turnover/replenishment is complete.

November 2020: Finalized recommendations for the capital improvement plan concerning future plans for the water tower located at Aster Lane.

December 2020: Initial transmission main system improvement evaluations are complete.

Work to be completed:

- 1. More in-depth evaluation of the water main replacement program;**
- 2. Continue preparing draft project report.**

MWRD IICP ENGINEERING

July 2, 2018: The Village Board approved a contract with Baxter & Woodman Consulting Engineers for engineering and field services required for compliance with the MWRD Infiltration/Inflow Control Program (IICP), including: condition assessment of high-risk sanitary sewer infrastructure; preparation of a plan for rehabilitation of major defects within three years of identification; recording identified illegal connections in high-risk areas; development and implementation of an ongoing program to identify and disconnect these connections as a Private Sector Program (PSP); and development and submittal of annual reports under the MWRD Short Term Requirements and Long Term Operation and Maintenance Program (LTOMP).

August 2018: A project kick-off meeting was held. Planning for smoke testing of sanitary sewers in high-risk areas began.

October 2018: Smoke testing was completed in all high risk areas (12 sub-basins with a total of 133,133 feet of sewer mains) per MWRD standards. Review of the final report is complete and 4 areas were identified for dye water testing to further determine the source of infiltration and inflow at these sites.

May – June 2019: Camera inspection of the remaining 173 required manholes is complete. Dye water testing is complete. A list of critical sewer repairs to occur in 2019 and 2020 was selected for IICP compliance.

September 2019: Design engineering and preparation of bid documents is complete. The project was successfully bid out and awarded to Michels Pipe Services.

December 2019: A pre-construction meeting was held and work planning completed.

January – February 2020: Sewer cleaning and inspection is complete. The required annual compliance report was submitted to MWRD.

June 2020: Sanitary sewer rehabilitation via cured-in-place pipe (CIPP) lining began, delayed due to the COVID-19 pandemic. Rehabilitation of approximately 1,630' of pipe is complete.

July 2020: Repair and rehab is substantially complete in compliance for MWRD IICP for Year 2020. Approximately 4,350' of lining and all post lining video-inspection is complete. Compilation of a deficiency list is in progress with on-going review.

August 2020: The list of deficient items was send to contractor and correction has been completed. Also completed is the 3rd party testing of rehabilitated sewer for structure strength, pending engineer's review and approval.

September 2020: Review of the 3rd party testing results is completed by the engineer with recommendation to approve closing the 2020 project of sanitary sewer rehabilitated, pending final invoice from the construction contractor.

October 2020: Continued review of inspection footage in preparation for the 2021 critical sanitary sewer rehabilitation program.

November 2020: The final invoice for completed 2020 sewer rehabilitation work and review of MWRD comments on the annual compliance report are pending.

December 2020: The engineering proposal was reviewed and approved for assistance in completing the final 2020 compliance report. This work is projected to begin in January, 2021. Final invoice is pending for construction work completed in 2020.

January 2021: Annual compliance report for 2020 is being assembled. The final invoice has been approved for construction work completed in 2020.

Administration

1. Responded to a cumulative 21.6" of snow over 12 winter weather events.

Customer Services

Fast Action Service Team (FAST):

1. Continued providing support for the Village-wide water meter replacement program.

VILLAGE OF HOFFMAN ESTATES
DEPARTMENT OF DEVELOPMENT SERVICES
ENGINEERING DIVISION MONTHLY REPORT

SUBMITTED TO: PUBLIC WORKS & UTILITIES COMMITTEE

BY: Alan Wenderski, P.E. Director of Engineering

February 2021

VILLAGE PROJECT UPDATES

2020 Street Revitalization Project

Project complete. Landscaping re-inspection to occur in spring 2021.

2021 Street Revitalization Project

Project out to bid with bid opening scheduled for March 1st. Expected recommendation for award of contract to be presented at March Transportation and Road Improvement Committee. Construction expected to begin in April with completion in November.

2021 Surface Transportation Program (STP) – Jones Road/Salem Drive Resurfacing

Final plan submittal to IDOT completed. IDOT reviewing funding and engineering agreements. Civiltech contracted for design engineering. V3 contracted for construction engineering services. Project scheduled for April 23rd IDOT letting with construction scheduled from mid-June to mid-August.

Almond/Audubon Culvert Replacement

Plans approved by IDOT. IDOT permit issuance awaiting confirmation of contractor bonding. Start of construction expected in late winter/early spring pending weather. A Lamp awarded construction contract in November 2019.

COMMERCIAL PROJECT UPDATES

1225-1249 N Barrington Rd (Formerly 2595 W Golf Rd)

Site water, sanitary, and storm sewer substantially complete. Remainder of site work on hold for winter conditions.

Bell Works East Entrance – 2000 Center Dr

Village Board approval received on February 15th. Awaiting project guarantee and payment of engineering fees. Construction expected to begin in spring 2021.

Birch Park (Hoffman Estates Park District) – 1045 Ash Rd

Village Board approval received on February 15th. Construction expected to begin in spring 2021.

BMO – 1199 W Higgins Rd (Formerly 1400 Gannon Dr)

MWRD final inspection for sanitary sewer completed on January 13th. Underground utility installation complete. Parking lot completed to binder course with temporary striping. Fence permit issued. Interior building work ongoing.

Bystronic/Eagle Way Extension – 2200 Central Rd

Temporary CO issued. Received as-built plans for Eagle Way; currently under review by staff. Reviewed storm sewer televising footage. Some punch list items remain.

ComEd – 2480 Pembroke Ave

Project complete. Awaiting final inspection with MWRD.

Fountain Crossing Lot 7b – 2951-2999 N Barrington Rd

Village Board approval received on December 7th. Awaiting project guarantee and payment of engineering fees. Construction expected to begin in spring 2021.

Hoffman Plaza – Higgins Rd & Roselle Rd

Phase 1: Completion of detention basin improvements ongoing.

Outlot 3 - Banfield: Village Board approval received on December 21st. Awaiting project guarantee and payment of engineering fees.

Mariano's Gas Station – 2581 W Golf Rd

Village Board approval received on November 16th. Awaiting project guarantee and payment of engineering fees. Construction expected to begin in spring 2021.

Roselle TIF Culvert Replacement

Meeting held with W-T Group on December 1st to discuss results of initial stormwater modeling. Staff reviewed culvert televising within property limits of 1000 N Roselle Road.

South Ridge Park (Hoffman Estates Park District) – 1450 Freeman Rd

Park and site improvement. Underground utility work complete. Paving for parking lot and path complete. Restoration work complete. Completion and closeout scheduled to occur spring 2021 upon MWRD final inspection.

Ziegler – 1051 W Higgins Rd

Village Board approval received on December 21st. Awaiting project guarantee and payment of engineering fees.

RESIDENTIAL PROJECT UPDATES**Amber Meadows – NE Corner of Essex Dr & Beacon Pointe Dr**

Final inspections for public acceptance complete. Limited punch list items remain incomplete.

Devonshire Woods – SW Corner of Shoe Factory Rd & Essex Dr

Punch list re-inspection complete. Limited punch list items remain incomplete.

Walnut Pond Estates – NE Corner of Rohrssen Rd & McDonough Rd (Formerly Airdrie Estates)

Construction on Lot 2 ongoing. Staff completed review of initial permit submittal for required sidewalk construction on McDonough Drive and Rohrssen Road.

MISCELLANEOUS UPDATES**Stormwater Updates**

- Community Rating System (CRS) - Submitted annual construction certificate list on February 17th

Rebuild Illinois Capital Plan Funds – Stormwater

The Village has been unsuccessful in obtaining a timeline accessing the Rebuild Illinois capital funds that were originally approved in the 2019 capital plan. Staff continues to monitor the release of these funds and possible
