Submittal Requirements:

- A scaled plat of survey must be submitted with the fire pit location indicated.
- Detailed construction drawings are required of the fire pit and must be submitted.
- A scope of work or contract must be submitted.

Code Requirements:

- Fire pit shall be a minimum of 15 feet away from any combustible structure.
- The maximum diameter of the pit is limited to 3 feet with a pile height of no greater than 2 feet.
- Only seasoned firewood shall be used in the fire pit. No yard waste, scrap lumber, or garbage is permitted to be burned.
- A spark arrestor/cover (sufficient size) shall be used to contain burning embers. This device shall be used whenever burning in the fire pit.

Inspection:

- A final inspection is required upon completion of work.
 - Additional inspections may be required.
-
