Submittal Requirements:

- A scalable copy of the plat of survey with the location of work must be submitted.
- A striping plan with dimensions must be submitted.
- A copy of the scope of work or contract must be submitted.

Code Requirements:

- Any repair and replacement of pavement, curbs, or sidewalk must meet the current Illinois Accessibility Code and Village Code.
- All public sidewalks must be 5 feet wide and constructed of concrete to a depth of a minimum of 5 inches on top of a 4 inch crushed gravel base.
- Any person excavating or making any repairs to any street, curb, sidewalk or driveway must maintain suitable, lighted barricades to prevent injury to any person by reason of such work or excavation.
- Any parking lot that falls out of compliance with Village Code will be required to meet compliance.

Inspections:

- A pre-pour inspection is required prior to pouring concrete/asphalt, curbs, walks, etc.
 - A final inspection is required upon completion.
 - Additional inspections may be required.
-
