COMMITTEE AGENDA ITEM VILLAGE OF HOFFMAN ESTATES

SUBJECT:

Request authorization to waive formal bidding and award the replacement of video editing systems to Key Code Media, Schaumburg, IL, in an amount not to exceed \$39,980.

MEETING DATE:

February 13, 2023

COMMITTEE:

General Administration and Personnel

FROM:

Ric Signorella, Multimedia Production Manager Suzanne Ostrovsky, Assistant Village Manager

Purpose:

Request authorization to waive formal bidding and award the replacement of video editing systems to Key Code Media, Schaumburg, IL, in an amount not to exceed \$39,980.

Background:

The video editing systems within the Multimedia Production area are reaching end of life and require replacement. This project includes replacement of one (1) Storage Area Network (SAN) and two (2) workstations for video production and editing, as well as installation and support services.

Discussion:

The computer workstations used for producing and editing content for the Village's cable, YouTube and social media channels were last replaced in 2014. The workstations are tied into a storage device, or SAN, that is used to process and store the videos. The equipment has begun to experience performance issues and requires replacement.

Three quotes were obtained for the components and services related to the replacement of the video editing systems and are summarized in the table below.

| Vendor | Total Project Cost | Computer Editing Systems | SAN | Services/ Support | Manufacturer Discount |
|--|--------------------------|--------------------------------|-----------------------|------------------------------|--------------------------|
| Key Code Media, Schaumburg, IL | \$39,980.00 | \$8,276.00 | \$27,999.00 | \$6,894.00 | \$(3,189.00) |
| Film Tools, Burbank, CA | \$43,751.25 | \$8,641.90 | \$27,999.00 | \$7,110.35 | N/A |
| Intelligent Technology, Canonsburg, PA | \$53,864.66 | All- inclusive pricing | All-inclusive pricing | All- inclusive pricing | N/A |

The lowest quote comes from Key Code Media, based in Schaumburg. Key Code is a trusted vendor that has completed work for the Village in the past, including the installation of the audio/video system in the Village Hall Board Room. Key Code was also recently selected to complete upgrades to the Police Department training room. The attached quote includes all required equipment, as well as professional installation services and support.

Staff determined that competitive bidding was not in the best interest of the Village for this purchase because of the need for equipment standardization consistent with existing equipment, software, and knowledge. Additionally, the professional services associated with installation, ongoing technical assistance, and response time requires an assessment of what is in the best interests of the Village in a way that competitive bidding does not address. As noted above, Key Code is familiar with the Village's operation and equipment, and therefore offers a unique advantage. Finally, to ensure that pricing was appropriate, staff obtained three quotes, of which Key Code was the lowest. For these reasons, staff is confident that this purchase is in the best interest of the Village. This request to waive bidding is consistent with Chapter 4, Paragraph F, of the Village's purchasing policy.

Financial Impact:

Public, Educational, and Governmental Access (PEG) Fees collected as part of the franchise agreement with Comcast will be used to fund the video editing system replacement.

Recommendation:

Request authorization to waive formal bidding and award the replacement of video editing systems to Key Code Media, Schaumburg, IL, in an amount not to exceed \$39,980.
