**VILLAGE OF HOFFMAN ESTATES - 2023 STREET REVITALIZATION PROJECT
RE: PRIVATE ESTIMATES TO COMPLETE YOUR CONCRETE APRONS**

Schroeder & Schroeder Inc. will be performing the concrete repairs for the 2023 Street Revitalization Project.

If you wish to have any portion of your apron, which is located from the street to the public sidewalk, removed and replaced at the same time we are performing Village work, please contact our office at 847-933-0526. The cost of a 6-inch thick concrete apron with fiber mesh additive is \$11.75 per square foot.

A signed contract with a 50% down payment is required to begin the work, and payment in full is expected upon completion. No credit card payments are available.

Please note that parkway restoration (topsoil, sod, seeding) will be completed by the Village.

Chris Schroeder
President / Chief Estimator
