The Village Clerk stated 67 passports were processed and 107 FOI requests were received during the month of February.

6.E. Treasurer's Report

Motion by Trustee Pilafas, seconded by Trustee Mills, to approve Item 6.E.

Mrs. Musiala stated that during the month of January 2014 cash disbursements and transfers-out exceeded cash receipts and transfers-in for the operating funds by \$1,351,666. After including these receipts and disbursements, the balance of cash and investments for the operating funds is \$20.9 million. For all of the Village funds, cash disbursements and transfers-out exceeded receipts and transfers-in by \$2,153,586, primarily due to general operating expenditures, which include higher than normal costs for snow removal. Funds were moved between the general and EDA funds to prepare for the February EDA note payment. The total for cash and investments for all funds decreased to \$167.8 million.

Roll Call:

Aye: Vandenberg, Mills, Newell, Pilafas, Stanton

VILLAGE OF HOFFMAN ESTATES

AN ORDINANCE GRANTING A SPECIAL USE TO
CHUCK VILLANO D/B/A CROSSFIT XYSTON (TENANT)
2120 STONINGTON AVENUE, HOFFMAN ESTATES, ILLINOIS

WHEREAS, the Planning and Zoning Commission, at a public hearing duly called and held according to law on February 19, 2014, considered the request by Chuck Villano d/b/a Crossfit Xyston (tenant), of property shown on Exhibit "A" and attached hereto and made a part hereof, for a special use under the Zoning Code to permit the operation of a crossfit gym on the property located at 2120 Stonington Avenue; and

WHEREAS, the Planning and Zoning Commission made certain Finding of Fact attached hereto and made a part hereof as Exhibit "B" and recommended approval of a special use to the Board of Trustees; and

WHEREAS, the Corporate Authorities have received and considered said recommendation; and

WHEREAS, the proposed special use has met the standards of Section 9-1-18-I of the Zoning Code of the Hoffman Estates Municipal Code.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Hoffman Estates, Cook and Kane Counties, Illinois, as follows:

Section 1: The Corporate Authorities hereby find that the facts and statements contained in the preamble of this Ordinance are true.

Section 2: A special use authorized under Section 9-9-1-C-2-L of the Zoning Code is hereby granted to Chuck Villano d/b/a Crossfit Xyston (tenant) to permit the operation of a crossfit gym on the property located at 2120 Stonington Avenue, subject to the following terms and conditions:

- a. Per Subdivision Code Section 10-2-1-B, exterior site improvements shall be made to improve the property.
 - 1) The improvements shall include additional parking spaces to accommodate the parking demand of the tenants and dumpster enclosures to accommodate all dumpsters. The plan may also include regulatory signage.
 - 2) As a performance guarantee, a deposit of \$3,000 shall be submitted prior to issuance of a building permit for the tenant space.
 - 3) Concurrent with the building permit review, a site plan shall be submitted prior to issuance of a building permit for the tenant space, and shall identify the pavement striping, regulatory signage, and dumpster enclosures.
 - 4) The improvements shall be completed prior to June 30, 2014.
- b. The property owner and tenants shall monitor the parking for the property to ensure that all vehicles are parked in legal, striped parking spaces.
- c. Outside storage shall occur only in the fenced area at the rear of the property.
- d. All dumpsters shall be stored in approved enclosures.
- e. The approval of the special use shall be based on the application materials submitted by the petitioner for this request.

Section 3: The Village Clerk is hereby authorized to publish this ordinance in pamphlet form.

Section 4: This Ordinance shall be in full force and effect immediately from and after its passage and approval.

Request by Chuck Villano d/b/a Crossfit Xyston (tenant) to consider a special use under Section 9-9-1-C-2-L of the Zoning Code to permit the operation of a crossfit gym on the property located at 2120 Stonington Avenue. The following conditions shall apply:

1. Per Subdivision Code Section 10-2-1-B, exterior site improvements shall be made to improve the property.
 - a. The improvements shall include additional parking spaces to accommodate the parking demand of the tenants and dumpster enclosures to accommodate all dumpsters. The plan may also include regulatory signage.
 - b. As a performance guarantee, a deposit of \$3,000 shall be submitted prior to issuance of a building permit for the tenant space.
 - c. Concurrent with the building permit review, a site plan shall be submitted prior to issuance of a building permit for the tenant space, and shall identify the pavement striping, regulatory signage, and dumpster enclosures.
 - d. The improvements shall be completed prior to June 30, 2014.
2. The property owner and tenants shall monitor the parking for the property to ensure that all vehicles are parked in legal, striped parking spaces.
3. Outside storage shall occur only in the fenced area at the rear of the property.
4. All dumpsters shall be stored in approved enclosures.
5. The approval of the special use shall be based on the application materials submitted by the petitioner for this request.

AUDIENCE COMMENTS

None.

FINDING

The Commission heard from the petitioners (Jim Helfrich (property owner), Easy Swarouth (business owner), and Brian Hellgeth (broker for business owner)) describing the proposed crossfit gym and the necessary site improvements that will be made to support the business. The proposed business would be located in the rear of the building, and the rear of the property would be modified to add more striped parking spaces and enclosures to screen all the dumpsters. A plan will be developed for the site improvements for review and approval by the Village prior to issuance of a building permit for the tenant.

The Commission had no concerns about the business and its internal operations, which is a gym facility offering one-on-one training in small groups of clients at scheduled appointments. Minimal changes would be made to the tenant space, including the addition of locker rooms. The parking demand is expected to be minimal, but enough to require the addition of some spaces. Questions were raised about the security of the property and the property owner indicated that security cameras and adequate lighting exist, and that more could be added if determined necessary. Signage was discussed and the petitioner intends to add directional signage and window signage to identify the business location at the rear of the property.

The Commission considered the Standards for a Special Use and determined that the proposed use met the Standards. The Commission voted unanimously to recommend approval of the request.

Request by Jeff Phillips (owner) for a 1 foot front yard setback variation and a 6 inch side yard setback variation from Section 9-5-2-D-4 and Section 9-5-2-D-5 to allow a house to be set back 29 feet from the east front lot line and 14.5 feet from the south side lot line instead of the minimum required 30 foot front yard setback and 15 foot side yard setback at 1080 Aspen Street. The following condition shall apply:

- 1. The house shall be constructed per the size and location included in the petitioner's application materials submitted with this request.**

AUDIENCE COMMENTS

None.

FINDING

Section 9-1-15 of the Zoning Code (Standards for Variation) states that no variation shall be recommended by the Planning and Zoning Commission unless it finds that the Standards for Variation set forth in the Zoning Code are met.

The petitioner presented the proposal to construct a two-story house in the same location as an existing ranch house. The project is a teardown and the new house would use the existing foundation. The existing front corners of the house encroach slightly into the front and side yard setbacks. The Commission generally had no concerns about the proposal, particularly because the new house is not encroaching farther into the required setbacks than the original house location.

The Commission voted to recommend approval of the proposed setback variations.

APPLICABLE ZONING CODE SECTIONS

Section 9-5-2-D-4 of the Zoning Code states that the front yard setback of the principal structure shall be 30 feet and Section 9-5-2-D-5 states that the side yard setback of the principal structure shall be 15 feet.

PROPOSAL

The petitioner is proposing to reconstruct a house on an existing foundation, which encroaches 0.87 feet into the required front yard setback and 0.48 feet into the required side yard setback. The house that existed previously on the property was one story and the proposed house is two stories. The petitioner has provided a plat showing the encroachments as well as drawings of the new house. The proposed front porch in the front and corner side yards is permitted and would be a maximum 6 feet in depth.

VARIATION STANDARDS

Section 9-1-15 of the Zoning Code – *Standards for a Variation* - states that the Planning and Zoning Commission shall not recommend the adoption of a proposed variation unless it finds that the variation meets the Standards for Variations as set forth in the Zoning Code.

1. The Planning and Zoning Commission shall not recommend the variation of the regulations of the Code unless it shall first make a finding based upon the evidence presented to it in each specific case that:
 - a. The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in the district in which it is located;
 - b. The plight of the owner is due to unique circumstances;
 - c. The variation, if granted, will not alter the essential character of the locality.

2. For the purpose of implementing the above rules, the Planning and Zoning Commission shall also, in making its determination whether there are practical difficulties or particular hardships, take into consideration the extent to which the following facts favorable to the applicant have been established by the evidence;
 - a. The particular physical surroundings, shape of topographical condition of the specific property involved would result in a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
 - b. The conditions upon which the petition for a variation is based would not be applicable, generally, to other property within the same zoning classification;
 - c. The purpose of the variation is not based exclusively upon a desire to increase the value of the property;
 - d. The alleged difficulty or hardship has not been based exclusively upon a desire to increase the value of property;
 - e. The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located; and
 - f. The proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger of fires, or endanger the public safety, or substantially diminish or impair property values in the neighborhood.

3. The Planning and Zoning Commission may recommend to the Village Board that such conditions and restrictions be imposed upon the premises benefited by a variation as may be necessary to comply with the standards set forth in this section to reduce or minimize the injurious effect of such variation upon other property in the neighborhood, and better to carry out the general intent of this Code.

If this request is approved, the variation ordinance would be granted to the property in perpetuity.

NOTIFICATION

Standard notification letters have been sent to surrounding properties within 150 feet and no comments have been received. A Statement of Awareness was received from the neighbors at 1060 and 1085 Aspen Street, and 445 and 460 Azalea Lane.

STAFF SUMMARY AND NOTES

The petitioner is proposing to reconstruct a house on the same footprint as the house that was demolished, rather than modifying the existing foundation to conform to the required setbacks. The encroachments into the setbacks existed for decades since the original construction of a house on the property, and the

setbacks were legal nonconforming. However, once the prior house was entirely removed, the Zoning Code requires that a new house meet the current setbacks. The prior house was a ranch house and the proposed two-story house would double the volume that is encroaching. The house is not square on the property such that only a corner of the front and a corner of the side are encroaching; the other corners of the house are behind the required setback lines. The encroachments should not adversely affect neighboring properties nor significantly interrupt the streetscape relative to nearby houses.

RECOMMENDED CONDITIONS

If the Planning & Zoning Commission finds that the standards for a variation have been met, staff recommends the following condition:

1. The house shall be constructed per the size and location included in the petitioner's application materials submitted with this request.

Project Summary for 1080 Aspen Street

The goal of the project at 1080 Aspen Street is to expand the existing house including a second floor without altering the existing foundation. According to the latest plat of survey completed in 1999, there is an existing non-conformance regarding the location of the foundation. The south-east corner violates the setback rule by 0.48 feet and on the north-east corner violates the setback rule by 0.87 feet. The requested variance is to make no change to the existing foundation.

Variation Addendum Item 1 - Hardship

This is an existing non-conformance that has been in place since 1955. To alter the foundation to comply with the strict letter of the regulations would require removal and replacement of part of the existing foundation. This would constitute an unnecessary financial hardship and make no enhancement to the community.

Variation Addendum Item 2 – Applicability to other properties

The requested variance only applies to the property at 1080 Aspen Street.

Variation Addendum Item 3 – Is the variation based on increase in property value?

This variance is not a change to the property. Rather it is a lack of change. It has no impact on property value.

Variation Addendum Item 4 – Is the hardship based on increase in property value?

The hardship only affects cost, not property value.

Variation Addendum Item 5 – Is the variation detrimental to the public welfare or other neighborhood improvements?

There is no impact to the public or the neighborhood.

Variation Addendum Item 6 – Will the variation impair the supply of light and air, increase congestion or danger to the public, or impair neighborhood property values?

Because the variance calls for no change, there is no impact to the existing supply of light and air and all other safety and financial considerations.

STAFF ASSIGNED: JAMES DONAHUE

Request by Caruso Development (agent for property owner) for a site plan amendment for a courtyard remodel including outdoor seating at 2300-2360 W. Higgins Road (Barrington Square Town Center).

The following conditions shall apply:

1. The property owner is required to manage and coordinate all operations and activities that occur in the courtyard.
2. The petitioner shall schedule a preconstruction meeting with code enforcement, fire, and engineering prior to commencing any work to determine a plan to safely allow businesses to operate during construction.

Conditions applying to Garibaldi's, America's Bar, and Thumka Restaurant

3. The outdoor seating plan as depicted on the attached courtyard remodel plans dated 2/6/14 shall supersede the previously approved plans for America's Bar and Garibaldi's and will be the only allowed outdoor seating plan for the restaurants. Any change shall require a site plan amendment.
4. The outdoor seating areas shall only be permitted from April 1 to November 30 of each year. All tables, chairs, and umbrellas shall be stored inside the business or off-site during the months when not in use.
5. The fencing for the outdoor seating shall be located in the specific locations shown on the approved plans.
6. All planters located on the fence as shown on the plans shall be maintained with fresh plants/flowers during the entire season.
7. The property owner and businesses shall be responsible for keeping all litter and debris clear from the seating areas and for providing proper notification to all customers that no alcoholic beverages shall be removed from beyond the defined seating area, as shown on the approved plans.

8. Violations of the site plan amendment approval may result in citations being issued to the business owner and/or property owner, as deemed appropriate by the Village. In the event the Village identifies repeated violations of this site plan amendment approval, the Village shall have the right to initiate a site plan review process to consider revocation of the approval. The petitioner will be provided at least 30 days notice of such review.
9. Any expansion or other substantial change to the outdoor seating area shall require an additional site plan amendment through the Village site plan review process.

Conditions applying to America's Bar only:

10. A maximum of three bag toss games are permitted outdoors and must be located in "Bags Area" as shown on the approved site plan and shall only be located within the aluminum fenced areas defining the restaurant outdoor area and separating it from the common areas of the mall courtyard. Placement of bag toss games or any other restaurant activities shall not occur beyond the limits of the defined areas on the plans. The total number of amusement devices for America's Bar & Grill (indoors or outdoors) shall not exceed 15, as required by Ordinance #4213-2010.
11. Bag toss games shall not be set up outdoors until after 6:00 p.m. each night and shall be removed no later than closing time of the establishment, as required by the petitioner's liquor license.
12. The bag toss games and tables and chairs are only permitted outdoors from April 1 to November 30, each year. All tables, chairs, and bag toss games shall be stored inside the business or off-site when not in use.

AUDIENCE COMMENTS

One of the shopping mall tenants (Richard Garcia, America's Bar) spoke during public comment that he was not happy with the proposed lay out and said he wanted to utilize more of the courtyard for his business. The petitioner interjected that they had met with all the tenants in the mall prior to the meeting and the majority of them were all in favor of the modifications as proposed to make the courtyard more of an amenity for everyone.

FINDING

The Commission heard from the petitioner about proposed modifications to the existing courtyard. He stated that the goal of the project is to eliminate some of the barriers that inhibit pedestrian travel, open up the sight lines to some of the businesses in the rear of the mall area, and to provide defined outdoor seating areas for America's Bar, Garibaldi's and Thumka restaurants.

The commission learned that project involves removing and reinstalling the existing brick, installing pavers to match the existing pavers along with some stained concrete areas. Wrought iron benches and trash receptacles, trees and landscape installed at grade with tree grates and defined outdoor eating areas to achieve a European style plaza space are also proposed.

The petitioner explained the process they went through internally for the outdoor dining concept and informed the commission that leases defining the dining areas and specifications for tables and chairs used in the dining areas would be executed with each restaurant if they wanted outdoor dining. He stated that maintenance of the overall common area will remain with the property owner; however, the fenced outdoor seating areas will be the responsibility of the individual tenants.

The commission questions included how the drinking outdoors is monitored, how the individual dining areas would function, how the area was lighted, whether the size of the outdoor areas were comparable to what the tenants had previously, and what the process would be if the petitioner wanted to modify the plan.

By a vote of 8-2, the commission recommended approval of the site plan amendment; subject to the conditions in the staff memo.

REQUESTED MOTION

Approval of a request by Caruso Development (agent for property owner) for a site plan amendment for a courtyard remodel including outdoor seating at 2300-2360 W. Higgins Road (Barrington Square Town Center).

BACKGROUND

The Barrington Square Town Center originally opened in the early 1970's and has gone through numerous changes as the owners work to keep the center viable and occupied. Most recently in 2012, the existing parking located in the southwest quadrant of the center was modified to improve circulation and reduce cut through traffic and the entrance drive from Higgins Road was realigned. Additionally, previously approved façade changes have been ongoing within the last year to update the appearance of the center.

PROPOSAL

The owner's onsite agent (Caruso Development) is proposing to remodel and renovate the existing courtyard located between the two main sections of the building.

Per the petitioner, the goal of the project is to eliminate some of the barriers that inhibit pedestrian travel, open up the sight lines to some of the businesses in the rear of the mall area, and to provide defined outdoor seating areas for America's Bar, Garibaldi's and Thumka restaurants.

The project involves removing and reinstalling the existing brick, installing pavers to match the existing pavers along with some stained concrete areas. Wrought iron benches and trash receptacles, trees and landscape installed at grade with tree grates and defined outdoor eating areas to achieve a European style plaza space are also proposed.

Maintenance of the common area will remain with then property owner, although; as noted below, the fenced outdoor seating areas will be the responsibility of the individual tenants.

Outdoor Seating

The dining areas for each restaurant as shown on the plans will be defined by a 4' aluminum fence with openings to allow pedestrian traffic flow in and out. Planters are planned for the tops of the railings that will be maintained by the restaurants. If the tenants wish to have outdoor seating, they will be responsible for providing the fencing and seating that meets the property owner's requirements and matches the approved plans.

Previously, outdoor seating plans for Garibaldi's and America's Bar were reviewed by the Planning, Building, & Zoning Committee and approved by the Village Board. Most recently the approved outdoor seating layouts for each were approved on June 27, 2011. A Condition of Approval for those seating layouts was that any expansion or other substantial change to the outdoor seating area shall require an additional site plan amendment through the Village site plan review process

The outdoor seating plan submitted as part of the courtyard remodel will supersede the previously approved plans and will be the only allowed outdoor seating for the restaurants. A condition of approval has been added denoting this.

RECOMMENDED CONDITIONS

If the Planning & Zoning Commission determines that the site plan amendment meets the intent of the Subdivision Code, Village staff recommends the following conditions of approval:

1. The property owner is required to manage and coordinate all operations and activities that occur in the courtyard.
2. The petitioner shall schedule a preconstruction meeting with code enforcement, fire, and engineering prior to commencing any work to determine a plan to safely allow businesses to operate during construction.

Conditions applying to Garibaldi's, America's Bar, and Thumka Restaurant

3. The outdoor seating plan as depicted on the attached courtyard remodel plans dated 2/6/14 shall supersede the previously approved plans for America's Bar and Garibaldi's and will be the only allowed outdoor seating plan for the restaurants. Any change shall require a site plan amendment.
4. The outdoor seating areas shall only be permitted from April 1 to November 30 of each year. All tables, chairs, and umbrellas shall be stored inside the business or off-site during the months when not in use.
5. The fencing for the outdoor seating shall be located in the specific locations shown on the approved plans.
6. All planters located on the fence as shown on the plans shall be maintained with fresh plants/flowers during the entire season.
7. The property owner and businesses shall be responsible for keeping all litter and debris clear from the seating areas and for providing proper notification to all customers that no alcoholic beverages shall be removed from beyond the defined seating area, as shown on the approved plans.
8. Violations of the site plan amendment approval may result in citations being issued to the business owner and/or property owner, as deemed appropriate by the Village. In the event the Village identifies repeated violations of this site plan amendment approval, the Village shall have the right to initiate a site plan review process to consider revocation of the approval. The petitioner will be provided at least 30 days notice of such review.
9. Any expansion or other substantial change to the outdoor seating area shall require an additional site plan amendment through the Village site plan review process.

Conditions applying to America's Bar only:

10. A maximum of three bag toss games are permitted outdoors and must be located in "Bags Area" as shown on the approved site plan and shall only be located within the aluminum fenced areas defining the restaurant outdoor area and separating it from the common areas of the mall courtyard. Placement of bag toss games or any other restaurant activities shall not occur beyond the limits of the defined areas on the plans. The total number of amusement devices for America's Bar & Grill (indoors or outdoors) shall not exceed 15, as required by Ordinance #4213-2010.
11. Bag toss games shall not be set up outdoors until after 6:00 p.m. each night and shall be removed no later than closing time of the establishment, as required by the petitioner's liquor license.
12. The bag toss games and tables and chairs are only permitted outdoors from April 1 to November 30, each year. All tables, chairs, and bag toss games shall be stored inside the business or off-site when not in use.

Hoffman Estates, IL 60194-2308

Dear Jim:

As requested, I am providing a summary of the proposed courtyard renovations for the Barrington Square Towncenter. The façade renovation of Barrington Square has begun, with the completion of the first two phases, from Gigi's Playhouse at the east end of the bowling alley to the Thunka Restaurant at the west end of the galleria with the third phase at the east end of the Galleria scheduled to begin this spring. The current colonnade and façade of the America's Bar building will remain as is for the time being, but, as part of this phase, the courtyard will be remodeled.

The basic goal of the courtyard remodeling is to eliminate some of the physical barriers, particularly the existing raised planters, which inhibit pedestrian traffic and block views of the stores at the north end of the courtyard and provide a comfortable space for possible performances, art shows, etc. In addition, the owners wanted to provide defined outdoor dining areas for America's Bar, Garibaldi's and Thumka restaurants.

The scope of the paving replacement is from the new concrete that was installed at the south end of the central courtyard to the north edge of the existing Galleria. The existing east courtyard, which was remodeled 3 years ago is going to remain, acting as the east border for the new paving. The proposed plan is basically a flat, European style plaza space, using brick paver accents, and patterned colored concrete to define certain areas. There are new wrought iron benches and trash receptacles, matching the existing, and new bike racks. Trees are set in at grade with tree grates and there are three small areas of defined grade level shrub planting. The dining areas for each restaurant are defined by a 4' high aluminum fence with openings of various sizes to allow traffic flow in and out. Additionally, there will be planter boxes hung at intervals from the top rail of the fencing, with annual flowers which will be maintained by the restaurant tenants.

The fencing for each outdoor dining will be provided by the owners, dependent on whether the restaurant tenant wants to provide outdoor dining. The tables and chairs will be purchased by the restaurant tenants, who will be responsible for their placement and maintenance within their defined dining areas. The owners are requiring the tenants to provide tables and chairs that meet certain requirements of quality, such as being rust proof, so as not to stain the concrete paving. We are providing some recommended options for these tables and chairs, but, the tenants are free to purchase whatever they choose as long as it meets the owner's requirements and approval.

We look forward to presenting this remodeling to the Board.

Sincerely,
Interwork Architects Inc.

Richard Gordon AIA, NCARB

SPECIFICATION FEATURES

Construction

HOUSING: Die-cast aluminum main housing and cast aluminum spider mount base maintain a minimum .125 wall thickness and utilize continuous silicone gasketing between castings for a forbidding seal. Four (4) inset quick release fasteners on underside of housing provide access to luminaire interior. **DOOR ASSEMBLY:** Top mounted, heavy wall, die-cast aluminum door maintains a nominal .125 thickness. Continuous silicone gasketing provides IP66 compliant seal to both housing and assembly. Concealed, stainless steel four (4) bar hinge lock allows opened door to lock into place in the open position for servicing the luminaire.

Electrical

ELECTRICAL TRAY: Ballast and related electrical components are mounted to a reinforced once-piece tray. In line quick disconnects allow

tray to be removed from housing without the use of tools.

Optical

LENS: Impact resistant 1/8" tempered clear or optional frosted flat glass for concealment of lamp image. Optional clear or frosted tempered sag glass lens improves fixture visibility while providing a subtle performance gain. **OPTICAL SYSTEMS:** Choice of five (5) high efficiency segmented optical systems constructed of premium 95% reflective anodized aluminum sheet. Optical segments are rigidly mounted inside a heavy wall aluminum housing for superior protection. All segment faces are clean of rivet heads, tabs or other means of attachment which may cause streaking in the light distribution. All reflector modules feature toolless removal, quick disconnect wiring and are toolless field rotatable in 90 degree increments. 250W-400W HID lamp

sources feature mogul-base lampholders, while 50-175W HID wattages feature medium-base lampholders.

Mounting

Fitter assembly mounts over 3" O.D. Tenon via three (3) concealed, stainless steel set screws and provides seamless transition to 4" round poles.

Finish

Housing and arm finished in a 5 stage premium TGIC polyester powder coat paint, 2.5 mil nominal thickness for superior protection against fade and wear. Standard colors include black, bronze, grey, white, dark platinum, graphite metallic and hartford green. RAL and custom color matches available. Consult your INVUE Lighting Systems Representative for more information.

VILLAGE OF HOFFMAN ESTATES

AN ORDINANCE AUTHORIZING THE
RENEWAL OF AGGREGATION PROGRAM
FOR ELECTRICAL LOAD

WHEREAS, the Illinois Power Agency Act, Chapter 20, Illinois Compiled Statutes, Act 3855, added Section 1-92 entitled Aggregation of Electrical Load by Municipalities and Counties (hereinafter referred to as the "Act") allows for municipal electric load aggregation; and

WHEREAS, under the Act, the Village may operate the aggregation program as an opt-out program for residential and small commercial retail customers, if a referendum is passed by a majority vote of the residents pursuant to the requirements under the Act; and

WHEREAS, the Village submitted the question in a referendum on March 20, 2012, and a majority of the electors voting on the question voted in the affirmative; and

WHEREAS, the Corporate Authorities then determined that it was in the best interest of the Village to operate the aggregation program under the Act as an opt-out program and to implement the program according to the terms of the Act; and

WHEREAS, the Village held the required Public Hearings for the Electric Power Aggregation Plan of Operation and Governance on April 16, 2012 and April 23, 2012 and provided the required public notice prior to adopting said plan on April 23, 2012 as set forth in the Village's Ordinance No. 4299-2012.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Hoffman Estates, Cook and Kane Counties, Illinois, as follows:

Section 1: The Corporate Authorities of the Village find that the recitals set forth above are true and correct.

Section 2: The Corporate Authorities of the Village find and determine that it is in the best interests of the Village to continue to operate the electric aggregation program under the Act as an opt-out program.

Section 3:

A. The Corporate Authorities of the Village hereby are authorized to continue to aggregate in accordance with the terms of the Act residential and small commercial retail electrical loads located within the corporate limits of the Village, and for that purpose may solicit bids and enter into successor service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

B. The Corporate Authorities of the Village are granted the authority to exercise such authority jointly with any other municipality or county and, in combination with two or more municipalities or counties, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality or county as required by the Act.

C. The Aggregation Program for the Village shall continue to operate as an opt-out program for residential and small commercial retail customers.

D. The Aggregation Program shall be approved by a majority of the members of the Corporate Authority of the Village.

F. As an opt-out program, the Corporate Authorities of the Village shall fully inform residential and small commercial retail customers in advance that they have the right to opt-out of the Aggregation Program. The disclosure and information provided to the customers shall comply with the requirements of the Act.

G. The electric aggregation shall occur automatically for each person owning, occupying, controlling, or using an electrical load center proposed to be aggregated in the corporate limits of the Village, subject to a right to opt-out of the program as described under this ordinance and the Act.

H. The Corporate Authorities hereby grant the Village Manager or his designee in writing the specific authority to execute a successor contract without further action by the Corporate Authorities and with the authority to bind the Village.

Section 4: The Village Clerk is hereby authorized to publish this ordinance in pamphlet form.

Section 5: This Ordinance shall be in full force and effect immediately from and after its passage and approval.

VILLAGE OF HOFFMAN ESTATES

**A RESOLUTION SUPPORTING THE
VILLAGE OF HOFFMAN ESTATES BECOMING
A MEMBER OF THE PENSION FAIRNESS
FOR ILLINOIS COMMUNITIES COALITION**

WHEREAS, one of the primary functions of local municipal governments is to ensure public safety within our communities; and

WHEREAS, the Village of Hoffman Estates appreciates the outstanding effort put forth by our public safety employees in protecting our community; and

WHEREAS, we recognize our obligation to provide our public safety employees with a fair pension that reflects their service to our community; and

WHEREAS, the cost of providing General Assembly determined pension benefits has put a great financial strain on our community and our taxpayers; and

WHEREAS, if solutions are not enacted by the General Assembly, the growing pension costs will place our very ability to provide public safety and other municipal services in jeopardy; and

WHEREAS, this problem extends beyond the Village of Hoffman Estates and affects municipalities statewide; and

WHEREAS, the Village of Hoffman Estates is committed to working with all stakeholders to implement fair and long-term changes that will ensure the sustainability of these pension funds without placing an overwhelming burden upon our taxpayers or leaving communities unable to provide basic services; and

WHEREAS, Pension Fairness for Illinois Communities, a coalition of local governments and other concerned entities, has been founded with a mission of pursuing these much needed pension reforms.

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Hoffman Estates, Cook and Kane Counties, Illinois, as follows:

Section 1: The Village of Hoffman Estates supports the mission of the Pension Fairness for Illinois Communities Coalition and agrees to become a member of the Coalition.

Section 2: The Village of Hoffman Estates shall commit financial and staff resources to support the mission of the Pension Fairness for Illinois Communities Coalition.

Section 3: The Village of Hoffman Estates will actively encourage the participation of local governments, their respective local government organizations and other concerned entities throughout the State of Illinois in the Pension Fairness for Illinois Communities Coalition.

Section 4: This Resolution shall be in full force and effect immediately from and after its passage and approval.
